**FOX CORPORATION**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**NOTE 1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION**

Fox Corporation, a Delaware corporation (“FOX” or the “Company”), is a news, sports and entertainment company, which manages and reports its businesses in the following segments: Cable Network Programming, Television and Other, Corporate and Eliminations.

The accompanying Unaudited Consolidated Financial Statements of FOX have been prepared in accordance with United States (“U.S.”) generally accepted accounting principles (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. In the opinion of management, all adjustments consisting only of normal recurring adjustments necessary for a fair presentation have been reflected in these Unaudited Consolidated Financial Statements. Operating results for the interim periods presented are not necessarily indicative of the results that may be expected for the fiscal year ending June 30, 2022, due to, among other things, the impact of coronavirus disease 2019 (“COVID-19”) on the Company’s business.

The preparation of the Company’s Unaudited Consolidated Financial Statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts that are reported in the Unaudited Consolidated Financial Statements and accompanying disclosures. Although these estimates are based on management’s best knowledge of current events and actions that the Company may undertake in the future, actual results may differ from those estimates.

These interim Unaudited Consolidated Financial Statements and notes thereto should be read in conjunction with the audited consolidated and combined financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the fiscal year ended June 30, 2021 as filed with the Securities and Exchange Commission on August 10, 2021 (the “2021 Form 10-K”).

The Unaudited Consolidated Financial Statements include the accounts of FOX. All significant intercompany transactions and accounts within the Company’s consolidated businesses have been eliminated. Investments in and advances to entities or joint ventures in which the Company has significant influence, but less than a controlling financial interest, are accounted for using the equity method. Significant influence generally exists when the Company owns an interest between 20% and 50%. In accordance with Accounting Standards Codification (“ASC”) 321 “Investments—Equity Securities” (“ASC 321”), equity securities in which the Company has no significant influence (generally less than a 20% ownership interest) with readily determinable fair values are accounted for at fair value based on quoted market prices. Equity securities without readily determinable fair values are accounted for either at fair value or using the measurement alternative method, which is at cost minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer. All gains and losses on investments in equity securities are recognized in the Unaudited Consolidated Statements of Operations.

The Company’s fiscal year ends on June 30 of each year. Certain fiscal 2021 amounts have been reclassified to conform to the fiscal 2022 presentation.

The unaudited and audited consolidated financial statements are referred to as the “Financial Statements” herein. The unaudited consolidated statements of operations are referred to as the “Statements of Operations” herein. The unaudited and audited consolidated balance sheets are referred to as the “Balance Sheets” herein.

***Recently Adopted and Recently Issued Accounting Guidance***

No recently adopted or issued accounting guidance materially impacted or are expected to impact the Company’s Financial Statements.

**NOTE 2. ACQUISITIONS, DISPOSALS AND OTHER TRANSACTIONS**

The Company’s acquisitions support the Company’s strategy to strengthen its core brands and to enhance production capabilities for its digital and linear platforms. During the six months ended December 31, 2021, the Company acquired three entertainment production companies for total consideration of approximately

**FOX CORPORATION**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

\$246 million. The revenues and Segment EBITDA (as defined in Note 10-Segment Information) included within the Company's consolidated results of operations associated with these companies were not material individually or in the aggregate. For the fiscal 2021 acquisition disclosed in Note 3—Acquisitions, Disposals and Other Transactions in the 2021 Form 10-K under the heading “Acquisitions and Disposals,” the accounting for the business combination, including consideration transferred, is based on provisional amounts and the allocation of the consideration transferred is not final. The amounts allocated to intangibles and goodwill, the estimates of useful lives and the related amortization expense are subject to changes pending the completion of the final valuation of certain assets and liabilities. A change in the allocation of consideration transferred and any estimates of useful lives could result in a change in the value allocated to the intangible assets that could impact future amortization expense.

**NOTE 3. INVENTORIES, NET**

The Company's inventories were comprised of the following:

	As of December 31, 2021	As of June 30, 2021
	(in millions)	
Sports programming rights	\$ 916	\$ 573
Entertainment programming rights	694	355
Total inventories, net	1,610	928
Less: current portion of inventories, net	(1,148)	(729)
Total non-current inventories, net	\$ 462	\$ 199

The aggregate amortization expense related to the programming rights was approximately \$2.6 billion and \$2.8 billion for the three months ended December 31, 2021 and 2020, respectively, and approximately \$3.4 billion and \$3.5 billion for the six months ended December 31, 2021 and 2020, respectively, which is included in Operating expenses in the Statements of Operations.

**NOTE 4. FAIR VALUE**

In accordance with ASC 820, “Fair Value Measurement,” fair value measurements are required to be disclosed using a three-tiered fair value hierarchy which distinguishes market participant assumptions into the following categories: (i) inputs that are quoted prices in active markets (“Level 1”); (ii) inputs other than quoted prices included within Level 1 that are observable, including quoted prices for similar assets or liabilities (“Level 2”); and (iii) inputs that require the entity to use its own assumptions about market participant assumptions (“Level 3”).

The following tables present information about financial assets and liabilities carried at fair value on a recurring basis:

	Fair value measurements

	Total	Level 1	Level 2	Level 3

<b>Total</b>	<b>\$ 527</b>	<b>\$ 788</b>	<b>\$ —</b>	<b>\$ (261)</b>

<sup>(a)</sup> The investment categorized as Level 1 represents an investment in equity securities of Flutter Entertainment plc ("Flutter") with a readily determinable fair value (See Note 3—Acquisitions, Disposals and Other Transactions in the 2021 Form 10-K under the heading "Flutter" for additional information).

<sup>(b)</sup> The Company utilizes the market approach valuation technique for its Level 3 fair value measures. Inputs to such measures could include observable market data obtained from independent sources such as broker quotes and recent market transactions for similar assets. It is the Company's policy to maximize the use of observable inputs in the measurement of its Level 3 fair value measurements. To the extent observable inputs are not available, the Company utilizes unobservable inputs based upon the assumptions market participants would use in valuing the liability. Examples of utilized unobservable inputs are future cash flows and long-term growth rates.

**Redeemable Noncontrolling Interests**

The Company accounts for redeemable noncontrolling interests in accordance with ASC 480-10-S99-3A, "Distinguishing Liabilities from Equity," because their exercise is outside the control of the Company. The redeemable noncontrolling interests recorded are put rights held by minority shareholders in a majority-owned sports network, Credible Labs Inc. ("Credible") and an entertainment production company.

The changes in redeemable noncontrolling interests classified as Level 3 measurements were as follows:

	For the three months ended December 31,		For the six months ended December 31,	
	2021	2020	2021	2020
	(in millions)			
Beginning of period	\$ (302)	\$ (310)	\$ (261)	\$ (305)

Net loss (income)	3	(4)	4	(8)

<b>End of period</b>	<b>\$ (172)</b>	<b>\$ (202)</b>	<b>\$ (172)</b>	<b>\$ (202)</b>

<sup>(a)</sup> The increase for the six months ended December 31, 2021 was primarily due to the acquisition of an entertainment production company.

<sup>(b)</sup> As a result of the exercise of a portion of the put rights held by the sports network minority shareholder during the three months ended December 31, 2020, approximately \$135 million was reclassified out of Redeemable noncontrolling interests. At closing, the Company paid half of the purchase price in cash and delivered a three-year promissory note for the remaining balance, which was recorded in Non-current liabilities on the Balance Sheet.

<sup>(c)</sup> As a result of the expiration of the sports network minority shareholder's final put right during the three months ended December 31, 2021, approximately \$110 million was reclassified into equity.

**FOX CORPORATION**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

The put right held by the Credible minority shareholder will become exercisable in fiscal 2025. The put right held by the entertainment production company's minority shareholder will become exercisable in fiscal 2027.

**Financial Instruments**

The carrying value of the Company's financial instruments, such as cash and cash equivalents, receivables, payables and investments, accounted for using the measurement alternative method in accordance with ASC 321, approximates fair value.

	As of December 31, 2021	As of June 30, 2021
(in millions)		
<b>Borrowings</b>		
Fair value	\$ 9,362	\$ 9,474
Carrying value	\$ 7,954	\$ 7,951

Fair value is generally determined by reference to market values resulting from trading on a national securities exchange or in an over-the-counter market (a Level 1 measurement).

**Concentrations of Credit Risk**

Cash and cash equivalents are maintained with several financial institutions. The Company has deposits held with banks that exceed the amount of insurance provided on such deposits. Generally, these deposits may be redeemed upon demand and are maintained with financial institutions of reputable credit and, therefore, bear minimal credit risk.

Generally, the Company does not require collateral to secure receivables. As of December 31, 2021 and June 30, 2021, the Company had no customers that accounted for 10% or more of the Company's receivables.

**NOTE 5. BORROWINGS**

The program has no time limit and may be modified, suspended or discontinued at any time.

The Company repurchased approximately 14 million shares of Common Stock for approximately \$497 million during the six months ended December 31, 2021.

Repurchased shares are retired and reduce the number of shares issued and outstanding. The Company allocates the amount of the repurchase price over par value between additional paid-in capital and retained earnings.

**FOX CORPORATION**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**NOTE 8. COMMITMENTS AND CONTINGENCIES**

**Commitments**

The Company has commitments under certain firm contractual arrangements ("firm commitments") to make future payments. These firm commitments secure the future rights to various assets and services to be used in the normal course of operations. The total firm commitments and future debt payments as of December 31, 2021 and June 30, 2021 were approximately \$44 billion and \$47 billion, respectively. The decrease from June 30, 2021 was primarily due to sports programming rights payments.

**Contingencies**

***FOX News***

The Company's FOX News business and certain of its current and former employees have been subject to allegations of sexual harassment and discrimination on the basis of sex and race. The Company has resolved many of these claims and is contesting other claims in litigation. The Company has also received regulatory and investigative inquiries relating to these matters. To date, none of the amounts paid in settlements or reserved for pending or future claims is material, individually or in the aggregate, to the Company. The amount of additional liability, if any, that may result from these or related matters cannot be estimated at this time. However, the Company does not currently anticipate that the ultimate resolution of any such pending matters will have a material adverse effect on its business, financial condition, results of operations or cash flows.

***U.K. Newspaper Matters Indemnity***

In connection with the separation of Twenty-First Century Fox, Inc. (now known as TFCF Corporation) ("21CF") and News Corporation in June 2013 (the "21CF News Corporation Separation"), 21CF agreed to indemnify News Corporation, on an after-tax basis, for payments made after the 21CF News Corporation Separation arising out of civil claims and investigations relating to phone hacking, illegal data access and inappropriate payments to public officials that occurred at subsidiaries of News Corporation before the 21CF News Corporation Separation, as well as legal and professional fees and expenses paid in connection with the related criminal matters, other than fees, expenses and costs relating to employees who are not (i) directors, officers or certain designated employees or (ii) with respect to civil matters, co-defendants with News Corporation (the "U.K. Newspaper Matters Indemnity"). In accordance with the Separation Agreement (as defined in Note 1—Description of Business and Basis of Presentation in the 2021 Form 10-K under the heading "The Distribution"), the Company assumed certain costs and liabilities related to the U.K. Newspaper Matters Indemnity. The liability recorded in the Balance Sheets related to the indemnity was approximately \$60 million and \$55 million as of December 31, 2021 and June 30, 2021, respectively.

***Defamation and Disparagement Claims***

From time to time, the Company and its news businesses, including FOX News Media and the FOX Television Stations, and their employees are subject to lawsuits alleging defamation or disparagement. These include lawsuits filed by Smartmatic USA Corp. and certain of its affiliates (collectively, "Smartmatic") in February 2021 and Dominion Voting Systems, Inc. and certain of its affiliates (collectively, "Dominion") in March 2021. The Company believes these lawsuits, including the Smartmatic and Dominion matters, are without merit and intends to defend against them vigorously. To date, none of the amounts the Company has paid in settlements of defamation or disparagement claims or reserved for pending or future claims is material, individually or in the aggregate, to the Company. The amount of additional liability, if any, that may result from these or related matters cannot be estimated at this time. However, the Company does not currently anticipate that the ultimate resolution of any such pending matters will have a material adverse effect on its business, financial condition, results of operations or cash flows.

***Other***

The Company establishes an accrued liability for legal claims and indemnification claims when the Company determines that a loss is both probable and the amount of the loss can be reasonably estimated. Once established, accruals are adjusted from time to time, as appropriate, in light of additional information. The

**FOX CORPORATION**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

amount of any loss ultimately incurred in relation to matters for which an accrual has been established may be higher or lower than the amounts accrued for such matters. Any fees, expenses, fines, penalties, judgments or settlements which might be incurred by the Company in connection with the various proceedings could affect the Company's results of operations and financial condition. For the contingencies disclosed above for which there is at least a reasonable possibility that a loss may be incurred, other than the accrual provided, the Company was unable to estimate the amount of loss or range of loss.

The Company's operations are subject to tax in various domestic jurisdictions and as a matter of course, the Company is regularly audited by federal and state tax authorities. The Company believes it has appropriately accrued for the expected outcome of all pending tax matters and does not currently anticipate that the ultimate resolution of pending tax matters will have a material adverse effect on its consolidated financial condition, future results of operations or liquidity. Each member of the 21CF consolidated group, which includes 21CF, the Company (prior to the Distribution (as defined in Note 1—Description of Business and Basis of Presentation in the 2021 Form 10-K under the heading "The Distribution")) and 21CF's other subsidiaries, is jointly and severally liable for the U.S. federal income and, in certain jurisdictions, state tax liabilities of each other member of the consolidated group. Consequently, the Company could be liable in the event any such liability is incurred, and not discharged, by any other member of the 21CF consolidated group. The tax matters agreement entered into in connection with the Separation (as defined in Note 1—Description of Business and Basis of Presentation in the 2021 Form 10-K under the heading "The Distribution") requires 21CF and/or The Walt Disney Company ("Disney") to indemnify the Company for any such liability. Disputes or assessments could arise during future audits by the Internal Revenue Service in amounts that the Company cannot quantify.

**NOTE 9. PENSION AND OTHER POSTRETIREMENT BENEFITS**

The Company participates in and/or sponsors various pension, savings and postretirement benefit plans. Pension plans and postretirement benefit plans are closed to new participants with the exception of a small group covered by collective bargaining agreements. The net periodic benefit cost was \$13 million and \$17 million for the three months ended December 31, 2021 and 2020, respectively, and \$27 million and \$34 million for the six months ended December 31, 2021 and 2020, respectively.

**NOTE 10. SEGMENT INFORMATION**

The Company is a news, sports and entertainment company, which manages and reports its businesses in the following segments:

- **Cable Network Programming**, which principally consists of the production and licensing of news and sports content distributed primarily through traditional cable television systems, direct broadcast satellite operators and telecommunication companies ("traditional MVPDs") and online multi-channel video programming distributors ("digital MVPDs"), primarily in the U.S.
- **Television**, which principally consists of the production, acquisition, marketing and distribution of broadcast network programming and free advertising-supported video-on-demand ("AVOD") services under the FOX and Tubi brands, respectively, and the operation of 29 full power broadcast television stations, including 11 duopolies, in the U.S. Of these stations, 18 are affiliated with the FOX Network, 10 are affiliated with MyNetworkTV and one is an independent station.

Credible is a U.S. consumer finance marketplace.

The Company's operating segments have been determined in accordance with the Company's internal management structure, which is organized based on operating activities. The Company evaluates performance based upon several factors, of which the primary financial measure is segment operating income before depreciation and amortization, or Segment EBITDA. Due to the integrated nature of these operating segments, estimates and judgments are made in allocating certain assets, revenues and expenses.

**FOX CORPORATION**  
**NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

Segment EBITDA is defined as Revenues less Operating expenses and Selling, general and administrative expenses. Segment EBITDA does not include: Amortization of cable distribution investments, Depreciation and amortization, Impairment and restructuring charges, Interest expense, net, Other, net and Income tax benefit (expense). Management believes that Segment EBITDA is an appropriate measure for evaluating the operating performance of the Company's business segments because it is the primary measure used by the Company's chief operating decision maker to evaluate the performance of and allocate resources to the Company's businesses.

The following tables set forth the Company's Revenues and Segment EBITDA for the three and six months ended December 31, 2021 and 2020:

### **For the three months ended December 31, 2021 and 2020**

The Company's revenues increased 9% for the three months ended December 31, 2021, as compared to the corresponding period of fiscal 2021, due to higher affiliate fee, advertising and other revenues. The increase in affiliate fee revenue was primarily due to the higher average rates per subscriber, led by contractual rate increases on existing affiliate agreements, partially offset by a lower average number of subscribers. Also impacting the increase was the absence of prior year affiliate fee credits as a result of coronavirus disease 2019 ("COVID-19") related under-delivery of college football games. The increase in advertising revenue was

primarily attributable to higher National Football League ("NFL"), Major League Baseball ("MLB") and college football pricing at the FOX Network, higher pricing at FOX News Media, growth at Tubi, and a higher number of live events at the national sports networks due to the impact of COVID-19 in the prior year quarter. Partially offsetting this increase was lower political advertising revenue due to the absence of the prior year presidential and congressional elections. The increase in other revenues was primarily attributable to the current year quarter impact of acquisitions of entertainment production companies, higher sports sublicensing revenues due to the impact of COVID-19 in the prior year quarter, and higher FOX Nation subscription revenues, partially offset by the impact of the divestiture of the Company's sports marketing businesses.

Operating expenses increased 10% for the three months ended December 31, 2021, as compared to the corresponding period of fiscal 2021, primarily due to higher sports programming rights amortization and production costs primarily related to NFL and MLB content, increased digital investment at Tubi, and higher entertainment programming rights amortization due to more hours of original scripted programming as compared to the prior year quarter, which was impacted by COVID-19.

***For the six months ended December 31, 2021 and 2020***

The Company's revenues increased 10% for the six months ended December 31, 2021, as compared to the corresponding period of fiscal 2021, due to higher affiliate fee, advertising and other revenues. The increase in affiliate fee revenue was primarily due to higher average rates per subscriber, led by contractual rate increases on existing affiliate agreements and from affiliate agreement renewals, partially offset by a lower average number of subscribers. Also impacting the increase was the absence of prior year affiliate fee credits as a result of the COVID-19 related under-delivery of college football games. The increase in advertising revenue was primarily due to higher sports and entertainment pricing at the FOX Network, higher pricing at FOX News Media, growth at Tubi, and a higher number of live events at the national sports networks due to the impact of COVID-19 in the prior year period. Partially offsetting this increase was lower political advertising revenue at the FOX Television Stations due to the absence of the prior year presidential and congressional elections. The increase in other revenues was primarily due to higher sports sublicensing revenues which were impacted by COVID-19 in the prior year period, the current year period impact of acquisitions of entertainment production companies, and higher FOX Nation subscription revenues, partially offset by the impact of the divestiture of the Company's sports marketing businesses.

Operating expenses increased 16% for the six months ended December 31, 2021, as compared to the corresponding period of fiscal 2021, primarily due to higher sports programming rights amortization and production costs related to NFL, MLB and college football content including a higher number of live events due to the impact of COVID-19 in the prior year period, increased digital investment at Tubi, and higher entertainment programming rights amortization and marketing costs due to more hours of original scripted programming as compared to the prior year period, which was impacted by COVID-19. This increase was partially offset by the absence of events that were shifted into the prior year period, including National Association of Stock Car Auto Racing ("NASCAR") Cup Series races and additional MLB regular season games, as a result of COVID-19 rescheduling, and the impact of the divestiture of the Company's sports marketing businesses.

**Selling, general and administrative**—Selling, general and administrative expense increased 6% for the three and six months ended December 31, 2021, as compared to the corresponding periods of fiscal 2021, primarily due to higher technology costs related to the Company's digital initiatives.

**Depreciation and amortization**—Depreciation and amortization expense increased 33% and 25% for the three and six months ended December 31, 2021, respectively, as compared to the corresponding periods of fiscal 2021, primarily due to assets placed into service during the fourth quarter of fiscal 2021 for the Company's standalone broadcast technical facilities.

**Other, net**—See Note 11—Additional Financial Information to the accompanying Financial Statements under the heading "Other, net."

**Income tax benefit (expense)**—The Company's tax provision and related effective tax rate of 23% for the three months ended December 31, 2021, was higher than the statutory rate of 21% primarily due to state taxes, offset by other permanent items. The Company's tax provision and related effective tax rate of 26% for the six months ended December 31, 2021, was higher than the statutory rate of 21% primarily due to state taxes and other permanent items.

The Company's tax provision and related effective tax rate of 24% for the three and six months ended December 31, 2020 was higher than the statutory rate of 21% primarily due to state taxes which, for the six

months ended December 31, 2020, was partially offset by a benefit from the reduction of uncertain tax positions for state tax audits.

**Net (loss) income**—The Company recorded a net loss of \$73 million and net income of \$635 million for the three and six months ended December 31, 2021, respectively, as compared to net income of \$230 million and \$1.3 billion for the three and six months ended December 31, 2020, respectively. The decreases in the comparative periods are primarily due to the change in fair value of the Company's investment in Flutter Entertainment plc and, additionally for the six months ended December 31, 2021, the reimbursement from The Walt Disney Company ("Disney") of \$462 million related to the substantial settlement of the Company's prepayment of its share of the Divestiture Tax, which occurred during the six months ended December 31, 2020 (See Note 11—Additional Financial Information to the accompanying Financial Statements under the heading "Other, net").

### Segment Analysis

The Company's operating segments have been determined in accordance with the Company's internal management structure, which is organized based on operating activities. The Company evaluates performance based upon several factors, of which the primary financial measure is segment operating income before depreciation and amortization, or Segment EBITDA. Due to the integrated nature of these operating segments, estimates and judgments are made in allocating certain assets, revenues and expenses.

Segment EBITDA is defined as Revenues less Operating expenses and Selling, general and administrative expenses. Segment EBITDA does not include: Amortization of cable distribution investments, Depreciation and amortization, Impairment and restructuring charges, Interest expense, net, Other, net and Income tax benefit (expense). Management believes that Segment EBITDA is an appropriate measure for evaluating the operating performance of the Company's business segments because it is the primary measure used by the Company's chief operating decision maker to evaluate the performance of and allocate resources to the Company's businesses.

The following tables set forth the Company's Revenues and Segment EBITDA for the three and six months ended December 31, 2021, as compared to the three and six months ended December 31, 2020:

**For the three months ended December 31, 2021 and 2020**

Revenues at the Cable Network Programming segment increased 10% for the three months ended December 31, 2021, as compared to the corresponding period of fiscal 2021, due to higher affiliate fee, advertising and other revenues. The increase in affiliate fee revenue was primarily due to contractual rate increases on existing affiliate agreements, partially offset by a lower average number of subscribers. Also impacting the increase was the absence of prior year affiliate fee credits as a result of the COVID-19 related under-delivery of college football games. The decrease in the average number of subscribers was due to a reduction in traditional MVPD subscribers, partially offset by an increase in digital MVPD subscribers. The increase in advertising revenue was primarily due to higher pricing at FOX News Media partially offset by lower political advertising revenue due to the absence of the prior year presidential elections in the current year period. Also impacting the increase was higher MLB pricing and a higher number of live events at the national sports networks, including the broadcast of additional MLB postseason games. The increase in other revenues was primarily due to higher sports sublicensing revenues due to the impact of COVID-19 in the prior year quarter and higher FOX Nation subscription revenues, partially offset by the impact of the divestiture of the Company's sports marketing businesses.

Cable Network Programming Segment EBITDA increased 17% for the three months ended December 31, 2021, as compared to the corresponding period of fiscal 2021, primarily due to the revenue increases noted above, partially offset by higher expenses. Operating expenses increased due to higher sports programming

rights amortization and production costs primarily related to MLB content and the return of a full college football season as a result of the impact of COVID-19 in the prior year quarter, and higher FOX Nation costs.

**For the six months ended December 31, 2021 and 2020**

Revenues at the Cable Network Programming segment increased 9% for the six months ended December 31, 2021, as compared to the corresponding period of fiscal 2021, due to higher affiliate fee, advertising and other revenues. The increase in affiliate fee revenue was primarily due to contractual rate increases on existing affiliate agreements and from affiliate renewals, partially offset by a lower average number of subscribers. Also impacting the increase was the absence of prior year affiliate fee credits as a result of the COVID-19 related under-delivery of college football games. The decrease in the average number of subscribers was due to a reduction in traditional MVPD subscribers, partially offset by an increase in digital MVPD subscribers. The increase in advertising revenue was primarily due to the impact of a higher number of live events at the national sports networks, primarily the result of additional MLB postseason games and the return of a full college football schedule that was shortened due to COVID-19 in the prior year period and higher MLB and FOX News Media pricing, partially offset by lower political advertising revenue due to the absence of the prior year presidential elections in the current year period. The increase in other revenues was primarily due to higher sports sublicensing revenues which were impacted by COVID-19 in the prior year, and higher FOX Nation subscription revenues, partially offset by the impact of the divestiture of the Company's sports marketing businesses.

Cable Network Programming Segment EBITDA increased 7% for the six months ended December 31, 2021, as compared to the corresponding period of fiscal 2021, primarily due to the revenue increases noted above, partially offset by higher expenses. Selling, general and administrative expenses increased for the six months ended December 31, 2021, principally due to higher investment in digital growth initiatives at FOX News Media.

## Non-GAAP Financial Measures

Adjusted EBITDA is defined as Revenues less Operating expenses and Selling, general and administrative expenses. Adjusted EBITDA does not include: Amortization of cable distribution investments, Depreciation and amortization, Impairment and restructuring charges, Interest expense, net, Other, net and Income tax (benefit) expense.

Management believes that information about Adjusted EBITDA assists all users of the Company's Financial Statements by allowing them to evaluate changes in the operating results of the Company's portfolio of businesses separate from non-operational factors that affect Net income, thus providing insight into both operations and the other factors that affect reported results. Adjusted EBITDA provides management, investors and equity analysts a measure to analyze the operating performance of the Company's business and its enterprise value against historical data and competitors' data, although historical results, including Adjusted EBITDA, may not be indicative of future results (as operating performance is highly contingent on many factors, including customer tastes and preferences and the impact of COVID-19 and other widespread health emergencies or pandemics and measures to contain their spread).

Adjusted EBITDA is considered a non-GAAP financial measure and should be considered in addition to, not as a substitute for, net income, cash flow and other measures of financial performance reported in accordance with U.S. generally accepted accounting principles ("GAAP"). In addition, this measure does not reflect cash available to fund requirements and excludes items, such as depreciation and amortization and impairment charges, which are significant components in assessing the Company's financial performance. Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies.

The following table reconciles Net income to Adjusted EBITDA for the three and six months ended December 31, 2021, as compared to the three and six months ended December 31, 2020:

The increase in net cash used in financing activities during the six months ended December 31, 2021, as compared to the corresponding prior year period of fiscal 2021, was primarily due to the absence of cash received from Disney in fiscal 2021, including the \$462 million reimbursement related to the Divestiture Tax.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

There have been no material changes in the market risks reported in the 2021 Form 10-K.

### **ITEM 4. CONTROLS AND PROCEDURES**

#### **(a) Disclosure Controls and Procedures**

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this Quarterly Report. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures were effective in recording, processing, summarizing and reporting on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act and were effective in ensuring that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

#### **(b) Changes in Internal Control over Financial Reporting**

There were no changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the Company's second quarter of fiscal 2022 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting. Due to the COVID-19 pandemic, most of the Company's employees continue to work remotely, and the Company has strived to minimize the impact of this on the design and effectiveness of the Company's internal control over financial reporting. The Company is continually monitoring and assessing its internal control over financial reporting and has not experienced any material impact to its internal control over financial reporting due to the COVID-19 pandemic.
