Our Company

Fox Corporation is a news, sports and entertainment company, which manages and reports its businesses in the following segments:

- **Cable Network Programming**, which principally consists of the production and licensing of news and sports content distributed primarily through traditional cable television systems, direct broadcast satellite operators and telecommunication companies, and online multi-channel video programming distributors, primarily in the U.S.
- **Television**, which principally consists of the acquisition, marketing and distribution of broadcast network programming nationally under the FOX brand and the operation of 29 full power broadcast television stations, including 11 duopolies, in the U.S. Of these stations, 18 are affiliated with the FOX Network, 10 are affiliated with MyNetworkTV and one is an independent station.
- **Other, Corporate and Eliminations**, which principally consists of corporate overhead costs, intracompany eliminations, the FOX Studios lot and Credible Labs Inc. (“Credible”). The FOX Studios lot, located in Los Angeles, California, provides television and film production services along with office space, studio operation services and includes all operations of the facility. Credible is a U.S. consumer finance marketplace.

The Company became a standalone publicly traded company on March 19, 2019, when Twenty-First Century Fox, Inc. (now known as TFCE Corporation) (“21CF”) distributed, on a pro rata basis, all of the issued and outstanding common stock of the Company to 21CF stockholders (the “Distribution”). Following the Distribution, the Company’s Class A Common Stock and Class B Common Stock began trading independently on The Nasdaq Global Select Market. We refer to the foregoing as the “Transaction.”

In connection with the Transaction, the Company was formed with a focused portfolio of domestic media assets in live news and sports and original entertainment programming, including leading brands FOX News Media, FOX Sports, FOX Entertainment and FOX Television Stations. The remaining 21CF assets were acquired by The Walt Disney Company (“Disney”) through a series of transactions contemplated by the amended and restated merger agreement among 21CF, Disney and certain subsidiaries of Disney, pursuant to which 21CF became a wholly-owned subsidiary of Disney.

In connection with the Distribution, the Company entered into the Separation and Distribution Agreement, dated as of March 19, 2019 (the “Separation Agreement”), with 21CF, which effected the internal restructuring (the “Separation”) whereby 21CF transferred to the Company a portfolio of 21CF’s news, sports and broadcast businesses, including FOX News Media (consisting of FOX News and FOX Business), FOX Entertainment,

FOX Sports, FOX Television Stations, and sports cable networks FS1, FS2, FOX Deportes and Big Ten Network, and certain other assets, and FOX assumed from 21CF the liabilities associated with such businesses and certain other liabilities.

The Company's fiscal year ends on June 30 of each year. The Company was incorporated in 2018 under the laws of the State of Delaware. The Company's principal executive offices are located at 1211 Avenue of the Americas, New York, New York 10036 and its telephone number is (212) 852-7000.

Recent Developments

The impact of coronavirus disease 2019 (COVID-19) and measures to prevent its spread are affecting the macroeconomic environment, as well as the business of the Company, in a number of ways, which should be considered in connection with an investment in the notes. For further discussion, see our Current Report on Form 8-K filed on March 31, 2020, which is incorporated by reference into this prospectus supplement.

There are also risks within the economy, the industry and the capital markets that affect us, this offering and/or the notes, which have not been described below.

We have significant outstanding indebtedness, including the Existing Notes. Our failure to meet our debt service obligations could have a material adverse effect on our business, financial condition and results of operations, and prevent us from fulfilling our obligations, including our obligations under the notes.

As of December 31, 2019, we had approximately \$6.8 billion of total borrowings (which reflects the aggregate outstanding principal amount of the Existing Notes, net of unamortized discount and debt issuance costs), and there were no borrowings outstanding under our \$1.0 billion unsecured revolving credit facility (the “Revolving Credit Facility”), which is governed by a credit agreement, dated as of March 15, 2019 (as it may be amended from time to time, the “Revolving Credit Agreement”), among the Company, as borrower, the initial lenders named therein, the initial issuing banks named therein, Citibank, N.A., as administrative agent, Deutsche Bank Securities Inc. and Goldman Sachs Bank USA, as co-syndication agents, JPMorgan Chase Bank, N.A. and Morgan Stanley Bank, N.A., as co-documentation agents, and the other parties party thereto. In addition, as of December 31, 2019, after giving effect to the issuance of the notes and the receipt (but not the use) of the estimated net proceeds of this offering, we would have had \$7.9 billion of total borrowings (which would have reflected the aggregate outstanding principal amount of the Existing Notes and the notes, net of unamortized discount and debt issuance costs) and \$1.0 billion of availability under the Revolving Credit Facility (less the amount of any outstanding letters of credit thereunder). See “Capitalization.”

Our debt level and related debt service obligations could have negative consequences, including:

- requiring us to dedicate significant cash flow from operations to the payment of principal, interest and other amounts payable on our debt, which would reduce the funds we have available for other purposes, such as working capital, capital expenditures and acquisitions;
- making it more difficult or expensive for us to obtain any necessary future financing for working capital, capital expenditures, debt service requirements, debt refinancing, acquisitions or other purposes;
- reducing our flexibility in planning for or reacting to changes in our industry and market conditions;
- making us more vulnerable in the event of a downturn in our business; and
- exposing us to interest rate risk given that a portion of our debt obligations is at variable interest rates.

[Table of Contents](#)

We may incur or assume more debt in the future, and if we do not retire existing debt, the risks described above could increase. The Revolving Credit Agreement provides for a \$1.0 billion unsecured revolving credit facility with a sub-limit of \$150 million available for the issuance of letters of credit and a maturity date of March 15, 2024. Under the Revolving Credit Agreement, the Company may request an increase in the amount of the credit facility commitments up to a maximum facility amount of \$1.5 billion and the Company may request that the maturity date be extended for up to two additional one-year periods. If any new debt is added to our and our subsidiaries' current debt levels under the Revolving Credit Facility or otherwise, the related risks that we and they face would be increased, and we may not be able to meet all our debt obligations, including repayment of the notes, in whole or in part.

The Revolving Credit Agreement requires us to maintain a specified financial ratio. Additionally, the Revolving Credit Agreement and the Indenture contain covenants that restrict our ability to finance future operations or capital needs, to take advantage of other business opportunities that may be in our interest or to satisfy the obligations under the notes. Subject to certain exceptions, these covenants restrict, or will restrict, our and our subsidiaries' ability to, among other things:

- merge, consolidate or sell all or substantially all of our assets; and
- create, incur or assume liens on assets.

A breach of any of the covenants described above, or, in the case of the Revolving Credit Agreement, our inability to comply with the specified financial ratio, could result in an event of default under the Revolving Credit Agreement or the Indenture, as applicable. Our ability to comply with these restrictions and covenants may be affected by events beyond our control. If we breach any of these restrictions or covenants and do not obtain a waiver from the lenders or holders, then, subject to applicable cure periods, our outstanding indebtedness could be declared immediately due and payable. If we are unable to repay any borrowings under the Revolving Credit Agreement when due, the lenders thereunder could proceed against their collateral. Under that circumstance, we may not have sufficient funds to pay the notes.

The Indenture does not restrict the amount of additional debt that we may incur.

The notes and Indenture do not place any limitation on the amount of unsecured debt that we may incur. Our incurrence of additional debt may have important consequences for you as a holder of the notes, including making it more difficult for us to satisfy our obligations with respect to the notes, a loss in the trading value of your notes, if any, and a risk that the credit rating of the notes is lowered or withdrawn.

We may not be able to generate sufficient cash from operations to service our debt and, if we default on our obligations under the Indenture or any other indebtedness, we may not be able to make payments on the notes.

Our ability to make payments on, and to refinance, our debt and to fund planned capital expenditures will depend on our ability to generate cash in the future and our ability to borrow under the Revolving Credit Facility. This, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. We could experience decreased revenues from our operations and could fail to generate sufficient cash to fund our liquidity needs or fail to satisfy the covenants and borrowing limitations which we are subject to under our debt. We cannot assure you that our business will generate sufficient cash flow from operations or that future borrowings will be available to us under the Revolving Credit Facility or otherwise in an amount sufficient to enable us to pay our debt or to fund our other liquidity needs. We may need to refinance all or a portion of our debt on or before the maturity thereof. We cannot assure you that we will be able to refinance any of our debt on commercially reasonable terms or at all. If we cannot service our debt, we may have to take actions such as selling assets, selling equity or reducing or delaying capital expenditures, strategic acquisitions, investments and alliances. We cannot assure you that any such actions, if necessary, could be effected on commercially reasonable terms or at all. In addition, any default under the agreements governing our indebtedness, including the Revolving Credit Agreement, that is not waived by the required lenders, and the remedies sought by the holders of such indebtedness, could prevent us from paying principal, premium, if any, and interest on the notes. If we are unable to generate sufficient cash flow or are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest

[Table of Contents](#)

on our indebtedness, or if we otherwise fail to comply with the various covenants in the instruments governing our indebtedness (including covenants in the Revolving Credit Agreement and the Indenture that will govern the notes), we could be in default under the terms of the agreements governing this indebtedness.

Claims of holders of the notes will be effectively subordinated to claims of any of our secured creditors.

The notes will be our unsecured, unsubordinated debt obligations, ranking equally in right of payment with our other senior debt and effectively subordinated in right of payment to any secured debt to the extent of the value of the assets constituting the security. The Indenture permits us and our subsidiaries to incur secured debt under specified circumstances, and the amounts incurred could be substantial. If we incur any debt secured by our assets or assets of our subsidiaries, these assets will be subject to the prior claims of our secured creditors. In the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding, these pledged assets would be available to satisfy secured obligations before any payment could be made on the notes or any related guarantees. To the extent that such assets cannot satisfy in full any such secured obligations, the holders of such obligations would have a claim for any shortfall that would rank equally in right of payment with the notes or any related guarantees. In that case, we may not have sufficient assets remaining to pay amounts due on any or all of the notes or any related guarantees.

We conduct our operations through our subsidiaries and the notes will be structurally subordinated to any indebtedness and other liabilities of our current and future subsidiaries that do not guarantee the notes.

The notes will be our unsecured, unsubordinated debt obligations. On the Issue Date, there will be no subsidiary guarantors; provided, that, following the Issue Date, subsidiaries of the Company will guarantee the notes on a senior unsecured basis to the extent that the conditions set forth under “Description of Debt Securities—Certain Covenants—Guarantees by Subsidiaries” in the accompanying prospectus are satisfied. A substantial portion of our business is conducted through our subsidiaries. These subsidiaries are separate legal entities that are not guarantors of the notes on the Issue Date and therefore have no obligation to pay any amounts due under the notes or to make any funds available therefor, whether by dividend, loan or other payment. In addition, any payment of dividends, loans or other payments by our subsidiaries to the Company could be subject to statutory or contractual restrictions. Payments to us by our subsidiaries will also be contingent upon such subsidiaries’ earnings and business considerations. As a consequence, our indebtedness, including the notes, will be structurally subordinated to existing and future indebtedness and other liabilities of our existing and future subsidiaries with respect to the assets of such subsidiaries. Accordingly, in making an investment decision with respect to the notes, you should analyze our business, financial condition, cash flows, performance and results of operations separately from, and should not place undue reliance on, the business, financial condition, cash flows, performance and results of operations of our subsidiaries.

Our credit ratings may not reflect all risks of your investment in the notes.

Our debt securities are subject to periodic review by one or more independent credit rating agencies and may be subject to rating and periodic review by additional independent credit rating agencies in the future. Holders of notes will have no recourse against us or any other parties in the event of a change in or suspension or withdrawal of any such rating. The credit ratings assigned to the notes are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by the applicable rating agencies, if, in such rating agency’s judgment, circumstances so warrant.

Agency credit ratings are not a recommendation to buy, sell or hold any security. Each agency’s rating should be evaluated independently of any other agency’s rating. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could adversely affect the market value of the notes and increase our corporate borrowing costs.

[Table of Contents](#)

Your ability to transfer the notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the notes.

Each series of the notes are new issues of securities with no established trading markets. We do not intend to apply for listing of either series of notes on any securities exchange or for quotation of either series of notes on any automated quotation system. Certain of the underwriters have advised us that they presently intend to make markets in each series of the notes as permitted by applicable law. However, the underwriters are not obligated to make a market in either series of notes and may cease their market-making activities at any time at their discretion without notice. In addition, the liquidity of the trading markets in the notes and the market prices quoted for the notes may be adversely affected by changes in the overall market for securities and by changes in our financial performance or prospects or of companies in our industry. As a result, no assurance can be given (i) that a liquid trading market will develop or be maintained for either series of the notes, (ii) as to the liquidity of any markets that do develop or (iii) as to your ability to sell any notes you may own or the prices at which you may be able to sell your applicable notes.

We may choose to redeem the notes of either series prior to maturity.

We may redeem some or all of the notes of either series at any time. See “Description of the Notes—Optional Redemption.” Although the notes contain provisions designed to compensate you for the lost value of your notes if we redeem some or all of the notes at certain dates prior to maturity, the redemption prices we will pay will be only an approximation of this lost value and may not adequately compensate you. Furthermore, depending on prevailing interest rates at the time of any such redemption, you may not be able to reinvest the redemption proceeds in a comparable security at an interest rate as high as the interest rate of the notes being redeemed or at an interest rate that would otherwise compensate you for any lost value as a result of any redemption of notes.

We may not be able to repurchase the notes upon a change of control triggering event.

Unless we exercise our right to redeem the notes or have defeased or discharged the notes as described in the Indenture, upon a change of control triggering event, we will be required to make an offer to each holder of the notes to repurchase all or any part of such holder’s notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to, but excluding, the date of purchase. If we experience a change of control triggering event, there can be no assurance that we would have sufficient financial resources available at such time to satisfy our obligations to repurchase any of the notes that are tendered upon such change of control. Our failure to purchase the notes as required under the Indenture would result in a default under the Indenture, which could have material adverse consequences for us and the holders of the notes. See “Description of the Notes—Change of Control Triggering Event.”

USE OF PROCEEDS

The Company intends to use the net proceeds (estimated to be approximately \$1.19 billion after deducting the underwriting discounts and estimated offering expenses) from the sale of the notes for general corporate purposes.

DESCRIPTION OF THE NOTES

General

The following description of the particular terms of the 3.050% Senior Notes due 2025 (the “2025 Notes”) and 3.500% Senior Notes due 2030 (the “2030 Notes” and, together with the 2025 Notes, the “Notes”) supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provisions of the debt securities set forth under “Description of Debt Securities” in the accompanying prospectus. In this Description of the Notes, all references to the “Issuer” are to Fox Corporation only and not to its Subsidiaries (as hereinafter defined).

The Issuer will issue the Notes under (x) a base indenture, dated as of January 25, 2019 (the “Base Indenture”), between the Issuer and The Bank of New York Mellon, as trustee (the “Trustee”), and (y) an officer’s certificate to be delivered thereunder by the Issuer, dated as of the Issue Date (as hereinafter defined) (the “Officer’s Certificate”). The Officer’s Certificate will set forth certain specific terms applicable to the Notes. References in this Description of the Notes to the “Indenture” shall mean the Base Indenture as so amended and supplemented by the Officer’s Certificate. This description is intended to be an overview of the material provisions of the Indenture and the Notes. This summary is not complete and is qualified in its entirety by reference to the Indenture. You should carefully read the summary below, the description of the general terms and provisions of the Issuer’s debt securities set forth in the accompanying prospectus under “Description of Debt Securities” and the provisions of the Indenture before investing in the Notes. Capitalized terms defined in the accompanying prospectus or in the Indenture have the same meanings when used in this description unless updated herein. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended. The Base Indenture has been filed as an exhibit to the registration statement of which this prospectus supplement is a part and can be obtained as indicated under “Where You Can Find More Information.”

Principal, Maturity and Interest

On the Issue Date, the Issuer will issue (i) \$600,000,000 of the 2025 Notes and (ii) \$600,000,000 of the 2030 Notes in this offering. The 2025 Notes will mature on April 7, 2025, and the 2030 Notes will mature on April 8, 2030.

The 2025 Notes will bear interest at the rate of 3.050% per annum, and the 2030 Notes will bear interest at the rate of 3.500% per annum, in each case computed on the basis of a 360-day year of twelve 30-day months, commencing on the Issue Date. Interest will be payable twice a year on April 7 and October 7, beginning on October 7, 2020, with respect to the 2025 Notes, and on April 8 and October 8, beginning on October 8, 2020, with respect to the 2030 Notes. Interest payable on any Note that is punctually paid or duly provided for on any interest payment date shall be paid to the person in whose name such Note is registered at the close of business on March 23 and September 22, as the case may be, preceding such interest payment date, with respect to the 2025 Notes, and on March 24 and September 23, as the case may be, preceding such interest payment date, with respect to the 2030 Notes.

The Issuer may issue additional Notes of any series, from time to time after this offering under the Indenture (any such Notes, “Additional Notes”). The Notes offered by the Issuer and any Additional Notes subsequently issued under the Indenture will be treated as a single class of the applicable series of Notes for all purposes under the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to “Notes” for all purposes of the Indenture and this “Description of the Notes” include any Additional Notes of the applicable series that are actually issued. If any Additional Notes are not fungible with any other Notes for United States federal income tax purposes or if the Issuer otherwise determines that any Additional Notes should be differentiated from any other Notes, such Additional Notes will have a separate CUSIP number; *provided* that such Additional Notes and all other Notes will still constitute a single class for all purposes under the Indenture.

The Notes will be issued only in fully registered form in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes will be represented by global notes (the “Global Securities”) registered in the name of the nominee of The Depository Trust Company (“DTC”).

Ranking

The Notes will be unsecured senior obligations of the Issuer, and will not be guaranteed by any subsidiaries of the Issuer on the Issue Date; provided, that, following the Issue Date, subsidiaries of the Issuer will guarantee (the “guarantors”) the Notes on a senior unsecured basis to the extent that the conditions set forth under “Description of Debt Securities—Certain Covenants—Guarantees by Subsidiaries” in the accompanying prospectus are satisfied.

Accordingly, the Notes and any guarantees will be:

- equal in right of payment to any existing or future senior indebtedness of the Issuer or any guarantors, including the Revolving Credit Facility and the Existing Notes;
- senior in right of payment to any existing or future subordinated indebtedness of the Issuer or any guarantors;
- effectively subordinated to any existing or future secured indebtedness of the Issuer or any guarantors to the extent of the value of the assets securing such secured indebtedness; and
- structurally subordinated in right of payment to all existing and future indebtedness, liabilities and other obligations of the Issuer’s existing or future Subsidiaries.

Optional Redemption

Each series of Notes is redeemable, as a whole or in part, at the Issuer’s option, at any time or from time to time, upon notice to the registered address of each holder of such series of Notes at least 10 days but not more than 60 days prior to the redemption. Except as provided below, the redemption price will be equal to the greater of (1) 100% of the principal amount of the Notes to be redeemed and (2) the sum of the present values of the Remaining Scheduled Payments (as hereinafter defined) on such Notes discounted to the date of redemption, on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months), at a rate equal to the sum of the applicable Treasury Rate (as hereinafter defined) plus (i) 45 basis points for the 2025 Notes and (ii) 45 basis points for the 2030 Notes. In each case, accrued and unpaid interest will be paid to, but not including, the date of redemption. All calculations thereunder shall be made by the Issuer.

On and after (i) March 7, 2025 (one month prior to the maturity date of the 2025 Notes) and (ii) January 8, 2030 (three months prior to the maturity date of the 2030 Notes) (in each case, the “par call date”), the Notes are redeemable at the Issuer’s option, in whole at any time or in part from time to time, at a redemption price equal to 100% of the principal amount of the series of Notes to be redeemed, plus accrued and unpaid interest on the principal amount of such Notes being redeemed to, but not including, such redemption date.

On and after the redemption date, interest will cease to accrue on the series of Notes being redeemed (unless the Issuer defaults in the payment of the redemption price and accrued interest). On or before the redemption date, the Issuer will deposit with a paying agent (or the Trustee) money sufficient to pay the redemption price of and accrued interest on the series of Notes to be redeemed on that date. If less than all of the Notes of any series are to be redeemed, the Notes to be redeemed shall be selected in accordance with the procedures of DTC.

No Notes of \$2,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail, or delivered electronically if held by DTC in accordance with DTC’s customary procedures, at least 10 days but not more than 60 days before the redemption date to each holder of Notes to be redeemed at its registered address, except that redemption notices may be sent more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of one or more series of Notes or a satisfaction and discharge of the Indenture with respect to one or more series of Notes. Notice of any redemption of Notes may, at the Issuer’s discretion, be subject to one or more conditions precedent. In addition, if such redemption is subject to satisfaction of one or more conditions precedent, such notice shall state that, in the Issuer’s discretion, the redemption date may be delayed until such time (including more than 60 days after the date the notice of

[Table of Contents](#)

redemption was delivered) as any or all such conditions shall be satisfied or waived, or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied by the redemption date, or by the redemption date so delayed, or such notice may be rescinded at any time in the Issuer's discretion if in the Issuer's good faith judgment any or all of such conditions will not be satisfied. In addition, the Issuer may provide in such notice that payment of the redemption price and performance of its obligations with respect to such redemption may be performed by another person.

Governing Law

The Indenture and the Notes will be governed by, and construed in accordance with, the laws of the State of New York.

Certain Definitions

Set forth below is a summary of certain of the defined terms used herein or in the Indenture. Reference is made to the Indenture for the full definition of all terms.

"Business Day" means a day other than a Saturday, Sunday or any other day on which banking institutions in New York City or the place of payment are authorized or required by law, regulation or executive order to close.

"Capital Stock" of any Person means any and all shares, interests, participations or other equivalents (however designated) of capital stock and any rights (other than loan stock or debt securities convertible into capital stock), warrants or options to acquire such capital stock.

"Comparable Treasury Issue" means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the applicable series of Notes, that would be utilized, at

Table of Contents

the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the applicable series of Notes, assuming such series of Notes matured on the applicable par call date.

“Comparable Treasury Price” means, with respect to any redemption date, the Reference Treasury Dealer Quotations for that redemption date.

“Issue Date” means the date the Notes are first issued.

“Person” means any individual, partnership, corporation, joint venture, limited liability company, trust or other entity, or government or any agency or political subdivision thereof.

“Quotation Agent” means the Reference Treasury Dealer selected by the Issuer.

“Reference Treasury Dealer” means each of Citigroup Global Markets Inc. and J.P. Morgan Securities LLC and their respective successors. If the Reference Treasury Dealer shall cease to be a primary U.S. Government securities dealer, the Issuer will substitute another nationally recognized investment banking firm that is a primary U.S. Government securities dealer.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Issuer, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount), quoted in writing to the Issuer by such Reference Treasury Dealer at 3:30 p.m., New York City time, on the second Business Day preceding that redemption date.

“Remaining Scheduled Payments” means the remaining scheduled payments of principal and interest on the series of Notes that would be due after the related redemption date but for that redemption assuming such series of Notes matured on the applicable par call date. If that redemption date is not an interest payment date with respect to the series of Notes being redeemed, the amount of the next succeeding scheduled interest payment on such series of Notes being redeemed will be reduced by the amount of interest accrued on such series of Notes to such redemption date.

“Subsidiary” means, with respect to any Person, (i) a corporation a majority of whose issued and outstanding Capital Stock, voting shares or ordinary shares having ordinary voting power, under ordinary circumstances, to elect directors is at the time, directly or indirectly, owned by such Person, by one or more Subsidiaries of such Person or by such Person and one or more Subsidiaries thereof or (ii) any other Person (other than a corporation) in which such Person, one or more Subsidiaries thereof or such Person and one or more Subsidiaries thereof, directly or indirectly, at the date of determination thereof has at least a majority ownership interest and the power to direct the policies, management and affairs thereof. For purposes of this definition, any director’s qualifying shares or investments by foreign nationals mandated by applicable law shall be disregarded in determining the ownership of a Subsidiary.

“Treasury Rate” means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the second Business Day immediately preceding that redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

BOOK-ENTRY, DELIVERY AND FORM

The notes will be issued in the form of one or more registered notes in global form, without interest coupons (the “Global Notes”).

On the date of the closing of the issuance of the notes, each of the Global Notes will be deposited with the trustee, as custodian for DTC, and registered in the name of Cede & Co., as nominee of DTC, in each case for credit to an account of a Direct or Indirect Participant (each as defined below) in DTC (and collectively, the “Participants”). The notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. DTC will act as securities depository for all of the Global Notes.

Except as set forth below, the Global Notes may be transferred, in whole but not in part, solely to DTC, to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for Notes in physical, certificated form (“Certificated Notes”) except in the limited circumstances described below under “—Certificated Notes.”

All interests in the Global Notes will be subject to the procedures and requirements of DTC and its Direct and Indirect Participants (including, if applicable, Euroclear and Clearstream) which may change from time to time.

Certain Book-Entry Procedures for the Global Notes

The descriptions of the operations and procedures of DTC, Euroclear and Clearstream set forth below are provided solely as a matter of convenience. The information in this section concerning DTC, Euroclear and Clearstream and their book-entry systems has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof. These operations and procedures are solely within the control of the respective settlement system and are subject to change by them from time to time. We take no responsibility for these operations or procedures, and noteholders are urged to contact the systems or their participants directly to discuss these matters. We have been advised by DTC that it is (i) a limited-purpose trust company organized under the New York Banking Law, (ii) a “banking organization” within the meaning of the New York Banking Law, (iii) a member of the Federal Reserve System, (iv) a “clearing corporation” within the meaning of the New York Uniform Commercial Code and (v) a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to the DTC system is also available to others, such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”).

Purchases of notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the notes on DTC’s records. The ownership interest of each purchaser of notes represented by the Global Notes is in turn to be recorded on the Direct and Indirect Participants’ records. Holders of notes will not receive written confirmation from DTC of their purchase. Holders of notes are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the holder of notes entered into the transaction. Transfers of ownership interests in the notes are to be accomplished by entries made on the books of Direct Participants and Indirect Participants acting on behalf of holders of notes. Holders of notes will not receive Certificated Notes representing their ownership interests in the notes, except in the event that use of the book-entry system for the notes is discontinued. “See “—Certificated Notes” below.

[Table of Contents](#)

To facilitate subsequent transfers, all notes deposited by Direct Participants with DTC are registered in the name of DTC's nominee, Cede & Co., or such other name as may be requested by DTC. The deposit of notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual holders of notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such notes are credited, which may or may not be the holders of notes. The Direct Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Accordingly, such laws may impair the ability to transfer interests in the notes represented by the Global notes to such persons. In addition, because DTC can act only on behalf of its Direct Participants, who in turn act on behalf of persons who hold interests through Direct Participants and Indirect Participants, the ability of a person having an interest in notes represented by the Global Notes to pledge or transfer such interest to persons or entities that do not participate in DTC's system, or to otherwise take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC or its nominee is the registered owner of the Global Notes, DTC or such nominee, as the case may be, will be considered the sole owner or holder of any notes represented by the Global Notes for all purposes under the Indenture and under the notes represented thereby. Except as provided below, owners of beneficial interests in the Global Notes will not be entitled to have notes represented by such Global Notes registered in their names, will not receive or be entitled to receive physical delivery of Certificated Notes and will not be considered the owners or holders thereof under the Indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee thereunder. Accordingly, each holder of notes must rely on the procedures of DTC and, if such holder of notes is not a Direct Participant or an Indirect Participant, on the procedures of the Participant through which such holder of notes owns its interest, to exercise any rights of a holder of notes under the Indenture or such Global Notes. We understand that under existing industry practice, in the event that we request any action of noteholders, or a noteholder desires to take any action that DTC, as the holder of the Global Notes, is entitled to take, DTC would authorize the Participants to take such action and the Participants would authorize holders owning through such Participants to take such action or would otherwise act upon the instruction of such holders. Neither we, the trustee, nor any paying agent under the Indenture will have any responsibility or liability for any aspect of the records relating to or payments made on account of the beneficial interests in the Global Notes, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants and by Direct Participants and Indirect Participants to holders of notes will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to notes unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts notes are credited on the record date (identified in a listing attached to the omnibus proxy).

We will make all payments on the Global Notes to Cede & Co., or such other nominee as may be designated by DTC, in immediately available funds. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or the trustee, on the applicable payment date in

[Table of Contents](#)

accordance with their respective holdings shown on DTC's records. Payments by Participants to holders of notes will be governed by standing instructions and customary practice, as is now the case with securities held for the accounts of customers in bearer form or registered in the names of nominees for such customers. Such payment will be the responsibility of such Participant and not of DTC, us or the trustee, subject to any statutory or regulatory requirements as may be in effect from time to time. All payments to Cede & Co. (or such other nominee designated by DTC) are the responsibility of us or the trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the holders of notes will be the responsibility of Direct Participants and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the notes at any time by giving reasonable notice to us or the trustee. Under such circumstances, in the event that a successor depository is not obtained, Certificated Notes are required to be printed and delivered. We may decide (subject to DTC's procedures) to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Certificated Notes will be printed and delivered to DTC. See "—Certificated Notes."

With respect to Euroclear, we understand that:

- Euroclear is operated by Euroclear Bank S.A./N.V., as operator of the Euroclear System (the "Euroclear Operator"), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the "Cooperative");
- The Euroclear Operator conducts all operations, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters of the notes offered by this prospectus supplement;
- Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly;
- Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the "Terms and Conditions");
- The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants, and has no record of or relationship with persons holding through Euroclear participants; and
- Distributions with respect to securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

With respect to Clearstream, we understand that:

- As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Section;
- Clearstream participants include underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters of the notes offered by this prospectus supplement;
- Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant either directly or indirectly; and

Table of Contents

- Distributions with respect to the securities held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Secondary market trading between Euroclear participants and Clearstream participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Euroclear and Clearstream and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream participants, on the other, will be effected within DTC in accordance with DTC's rules on behalf of the relevant European international clearing system by its U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving the notes in DTC, and making or receiving payment in accordance with normal procedures. Euroclear participants and Clearstream participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of securities received in Euroclear or Clearstream as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits, or any transactions in the securities settled during such processing, will be reported to the relevant Euroclear participants or Clearstream participants on that business day. Cash received in Euroclear or Clearstream as a result of sales of securities by or through a Euroclear participant or a Clearstream participant to a DTC participant will be received with value on the business day of settlement in DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day following settlement in DTC.

Although DTC, Euroclear and Clearstream have agreed to the preceding procedures in order to facilitate transfers of interests in the Global Notes among Participants of DTC, Euroclear and Clearstream, they are under no obligation to perform or continue to perform such procedures and they may discontinue the procedures at any time. Neither we nor the trustee will have any responsibility for the performance by DTC or of its respective Direct Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations.

Certificated Notes

If (i) DTC notifies us that it is unwilling or unable to continue as a depository for the Global Notes of a series (and a successor depository is not appointed within 90 days of such notice or of our becoming aware of such cessation), (ii) DTC ceases to be registered as a clearing agency under the Exchange Act (and a successor depository is not appointed within 90 days of such notice or of our becoming aware of such cessation), (iii) we, at our option, determine (subject to DTC's procedures) that the notes of a series will no longer be represented by a Global Note or (iv) upon the occurrence of certain other events as provided in the Indenture, then, in each case, upon surrender by DTC of the Global Notes of such series, Certificated Notes of the same series will be issued to each person that DTC identifies as the beneficial owner of the notes of such series represented by the Global Notes. Upon any such issuance, the trustee is required to register such Certificated Notes in the name of such person or persons (or the nominee of any thereof) and cause the same to be delivered thereto.

Neither we nor the trustee will be liable for any delay by DTC, any Direct Participant or any Indirect Participant in identifying the beneficial owners of the related notes and each such person may conclusively rely on, and shall be protected in relying on, instructions from DTC for all purposes (including with respect to the registration and delivery, and the respective principal amounts, of the notes to be issued).

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of certain United States federal income tax consequences of the purchase, ownership and disposition of the notes offered hereby as of the date of this prospectus supplement to U.S. holders and non-U.S. holders (each, as defined below). Unless otherwise stated, this summary deals only with notes held as capital assets by persons who purchase the notes for cash upon original issuance at their “issue price” (which is assumed for purposes of this summary to be the initial offering price of each applicable series set forth on the cover page of this prospectus supplement).

As used herein, a “U.S. holder” means a beneficial owner of the notes offered hereby that is for United States federal income tax purposes any of the following:

- an individual who is a citizen or resident of the United States;
- a corporation created or organized under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to United States federal income taxation regardless of its source; or
- a trust if it (1) is subject to the primary supervision of a court within the United States and one or more “United States persons” (within the meaning of Internal Revenue Code of 1986, as amended (the “Code”)) have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

As used herein, the term “non-U.S. holder” means a beneficial owner of the notes offered hereby (other than an entity treated as a partnership for United States federal income tax purposes) that is not a U.S. holder.

If any entity or arrangement classified as a partnership for United States federal income tax purposes holds notes, the tax treatment of a partner in such entity or arrangement will generally depend upon the status of the partner and the activities of such entity or arrangement. If you are an entity or arrangement classified as a partnership for United States federal income tax purposes or a partner in such an entity or arrangement considering an investment in the notes, you should consult your own tax advisors as to the particular U.S. federal income tax consequences applicable to you.

This summary is general in nature and does not represent a detailed description of the United States federal income tax consequences that may be applicable to you in light of your personal circumstances or status or to you if you are a person subject to special tax treatment under the United States federal income tax laws, including, without limitation:

- a dealer in securities or currencies;
- a bank or other financial institution;
- a regulated investment company;
- a real estate investment trust;
- a tax-exempt entity;
- an insurance company;
- a person holding the notes as part of an integrated, conversion, constructive sale or hedging transaction or as part of a “straddle”;
- a trader in securities that has elected the mark-to-market method of tax accounting for your securities;
- a person liable for alternative minimum tax;

[Table of Contents](#)

- a partnership or other pass-through entity for United States federal income tax purposes (or an investor in such an entity);
- a U.S. holder whose “functional currency” is not the U.S. dollar;
- a “controlled foreign corporation”;
- a “passive foreign investment company”;
- a person required to accelerate the recognition of any item of gross income with respect to the notes as a result of such income being recognized on an applicable financial statement; or
- a United States expatriate.

This summary is based on the Code, United States Treasury regulations, administrative guidance of the Internal Revenue Service (the “IRS”) and judicial decisions, all as in effect as of the date hereof. Those authorities may be changed or subject to differing interpretations, possibly on a retroactive basis, so as to result in United States federal income tax consequences different from those summarized below. We have not sought and do not intend to seek any rulings from the IRS regarding the matters discussed below. There can be no assurance that the IRS will agree with this summary or that a court would not sustain any challenge by the IRS in the event of litigation.

This summary does not represent a detailed description of the United States federal income tax consequences to you in light of your particular circumstances and does not address the effects of any United States federal non-income tax laws (including estate or gift tax or the Medicare tax on certain investment income) or any state, local or non-United States tax laws. It is not intended to be, and should not be construed to be, legal or tax advice to any particular purchaser of notes. If you are considering the purchase of notes, you should consult your own tax advisors concerning the particular United States federal income tax consequences to you of the ownership of the notes, as well as the consequences to you arising under other United States federal tax laws and under the laws of any other taxing jurisdiction.

Effect of Certain Contingencies

In certain circumstances (see “Description of the Notes—Optional Redemption” and “Description of the Notes—Change of Control Triggering Event”), we may be obligated to pay amounts in excess of stated interest or principal on the notes or to make payments in advance of their scheduled times. These contingencies may implicate the provisions of the United States Treasury regulations relating to “contingent payment debt instruments.” We believe, and intend to take the position, that the foregoing contingencies should not cause the notes to be subject to the contingent payment debt instrument rules. Our position is binding on you unless you disclose that you are taking a contrary position in the manner required by applicable United States Treasury regulations. Our position is not, however, binding on the IRS. If the IRS were to successfully challenge this position, you might be required to accrue interest income at a higher rate than the stated interest rate on the notes, and to treat as ordinary income (rather than capital gain) any gain recognized on a taxable disposition of a note.

The remainder of this discussion assumes that the notes will not be treated as contingent payment debt instruments. Holders should consult their own tax advisors regarding the potential application to the notes of the contingent payment debt instrument rules and the consequences thereof.

Certain Tax Consequences to U.S. Holders

The following is a summary of certain United States federal income tax consequences applicable to U.S. holders of the notes offered hereby.

Stated interest. Stated interest on the notes generally will be taxable to you as ordinary income at the time it is received or accrued, in accordance with your regular method of accounting for United States federal income tax purposes. It is expected, and this discussion assumes, that the notes will be issued without original issue discount for United States federal income tax purposes.

[Table of Contents](#)

Sale, exchange, retirement, redemption or other taxable disposition of notes. Upon a sale, exchange, retirement, redemption or other taxable disposition of a note, you generally will recognize gain or loss equal to the difference, if any, between the amount received for the note in cash or other property valued at fair market value upon the sale, exchange, retirement, redemption or other taxable disposition (less any portion of such amount attributable to any accrued and unpaid stated interest, which will be treated in the manner described above under “—Stated interest”) and the adjusted tax basis of the note. Your adjusted tax basis in a note will, in general, be your cost for the note. Any gain or loss will be capital gain or loss. Capital gains of non-corporate holders derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding. In general, information reporting will apply to payments of stated interest on the notes and the proceeds of a sale or other disposition (including a retirement or redemption) of a note paid to you (unless you are an exempt recipient such as a corporation). Backup withholding (currently at a rate of 24%) may apply to such payments if you fail to provide a taxpayer identification number or a certification that you are not subject to backup withholding or if you are subject to backup withholding because you previously failed to report in full dividend and interest income.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your United States federal income tax liability provided the required information is timely furnished to the IRS. You should consult your tax advisors regarding qualification for an exemption from backup withholding and the procedures for obtaining such an exemption.

Certain Tax Consequences to Non-U.S. Holders

The following is a summary of certain United States federal income tax consequences applicable to non-U.S. holders of the notes offered hereby.

Interest. Subject to the discussion of backup withholding and “FATCA” below, payments of interest on a note to a non-U.S. holder generally will be exempt from United States federal income and withholding tax under the “portfolio interest rule,” *provided that*:

- interest paid on the notes is not effectively connected with your conduct of a trade or business in the United States;
- you do not actually (or constructively) own stock possessing 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and applicable United States Treasury regulations; and
- either (a) you provide your name and address on an applicable IRS Form W-8 and certify, under penalties of perjury, that you are not a United States person as defined under the Code or (b) you hold your notes through certain foreign intermediaries and satisfy the certification requirements of applicable United States Treasury regulations. Special certification rules apply to non-U.S. holders that are pass-through entities rather than corporations or individuals.

If you cannot satisfy the requirements described above, payments of interest made to you will be subject to a 30% United States federal withholding tax, unless you provide the applicable withholding agent with a properly executed:

- IRS Form W-8BEN or W-8BEN-E, as appropriate (or other applicable form), certifying an exemption from or reduction in withholding under the benefit of an applicable income tax treaty; or
- IRS Form W-8ECI (or other applicable form) certifying that interest paid on the notes is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States (as discussed below).

[Table of Contents](#)

The United States federal withholding tax generally will not apply to any payment of principal or gain that you recognize on a sale, exchange, retirement, redemption or other disposition of a note.

If you are engaged in a trade or business in the United States and interest on the notes is effectively connected with the conduct of that trade or business, then, unless an applicable income tax treaty provides otherwise, you will be subject to United States federal income tax on that interest on a net income basis in generally the same manner as if you were a United States person as defined under the Code. In addition, if you are a corporation, you may be subject to a branch profits tax equal to 30% (or a lower rate under an applicable income tax treaty) of your effectively connected earnings and profits, subject to adjustments. Unless an applicable income tax treaty provides otherwise, if interest received with respect to the notes is effectively connected income, the 30% withholding tax described above will not apply, provided that the certification requirements discussed above are satisfied.

Sale, exchange, retirement, redemption or other taxable disposition of notes. Subject to the discussion of backup withholding and “FATCA” below, any gain recognized on a sale, exchange, retirement, redemption or other taxable disposition of a note (other than any amount representing accrued but unpaid interest on the note, which is subject to the rules discussed above under “—Interest”) generally will not be subject to United States federal income tax unless:

- the gain is effectively connected with your conduct of a trade or business in the United States, in which case you generally will be taxed in the same manner as discussed above with respect to effectively connected interest; or
- you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met, in which case, except as otherwise provided by an applicable income tax treaty, you will be subject to a flat 30% United States federal income tax on any gain recognized, which may be offset by certain United States source losses provided you have timely filed U.S. federal income tax returns with respect to such losses.

Information Reporting and Backup Withholding. Information reporting generally will apply to the amount of interest paid to you and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside or are organized under the provisions of an applicable income tax treaty.

In general, you will not be subject to backup withholding with respect to payments of interest on the notes that we make to you *provided* that the applicable withholding agent has received from you the required certification that you are not a United States person described above in the third bullet point under “—Interest.”

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale or other taxable disposition (including a retirement or redemption) of notes within the United States or conducted through certain financial intermediaries that are United States persons or have specified connections with the United States, unless you certify to the applicable withholding agent under penalties of perjury that you are not a United States person, or you otherwise establish an exemption.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your United States federal income tax liability provided the required information is timely furnished to the IRS. You should consult your own tax advisors regarding your qualification for an exemption from backup withholding and the procedures for obtaining such an exemption.

Additional Withholding Requirements

Under Sections 1471 through 1474 of the Code (such Sections commonly referred to as “FATCA”), a 30% United States federal withholding tax will generally apply to any payments of interest in respect of and, subject to the regulatory relief described below, gross proceeds from a sale or other disposition of, the notes to (i) a “foreign financial institution” (as specifically defined in the Code and whether such foreign financial institution is the beneficial owner or an intermediary) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) its compliance (or deemed compliance) with FATCA (which may alternatively be in the form of compliance with an intergovernmental agreement with the United States) in a manner which avoids withholding, or (ii) a “non-financial foreign entity” (as specifically defined in the Code and whether such non-financial foreign entity is the beneficial owner or an intermediary) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) adequate information regarding certain substantial United States beneficial owners of such entity (if any). If an interest payment is both subject to withholding under FATCA and subject to the withholding tax discussed above under “—Certain Tax Consequences to Non-U.S. Holders—Interest,” the withholding under FATCA may be credited against, and therefore reduce, such other withholding tax. Under recently proposed Treasury regulations that may be relied upon pending finalization, the withholding tax on gross proceeds would be eliminated and, consequently, FATCA withholding on gross proceeds is not currently expected to apply. You should consult your own tax advisors regarding these rules and whether they may be relevant to your ownership and disposition of the notes.

CERTAIN ERISA CONSIDERATIONS

Section 406 of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and Section 4975 of the Code prohibit employee benefit plans that are subject to Title I of ERISA, as well as individual retirement accounts and other plans or arrangements subject to Section 4975 of the Code or any entity deemed to hold “plan assets” of the foregoing (each of which we refer to as a “Plan”), from engaging in certain transactions involving “plan assets” with persons who are “parties in interest” under ERISA or “disqualified persons” under Section 4975 of the Code with respect to such Plans. If the Company or an underwriter is or becomes a party in interest or disqualified person with respect to a Plan (either directly or by reason of its relationship to affiliates), the purchase and holding of the notes by or on behalf of the Plan may be a prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless exemptive relief were available under an applicable administrative or statutory exemption or there were some other basis on which the transaction was not prohibited. A violation of these “prohibited transaction” rules may result in an excise tax or other penalties and liabilities under ERISA and the Code for such persons or the fiduciaries of the Plan. In addition, Title I of ERISA requires fiduciaries of a Plan subject to ERISA to make investments that are prudent, diversified and in accordance with the governing plan documents.

Employee benefit plans that are governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and foreign plans (as described in Section 4(b)(4) of ERISA) (collectively, “Non-ERISA Plans”) are not subject to these “prohibited transaction” rules of ERISA or Section 4975 of the Code, but may be subject to similar rules under any federal, state, local, non-U.S. or other laws or regulations that are similar to such provisions of ERISA or the Code (“Similar Laws”).

Accordingly, each purchaser or transferee, by its purchase and/or holding of such notes, shall be deemed to have represented and warranted that either (i) no portion of the assets used by it to acquire and hold the notes or any interest therein constitutes assets of any Plan or Non-ERISA Plan, or (ii) the acquisition and holding of the notes or any interest therein by it will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or a violation under any applicable Similar Laws, and none of the Company, the underwriters, nor any of their respective affiliates, has acted as the fiduciary of the purchaser or transferee in connection with the purchase and/or holding of the notes. Furthermore, each Plan or Non-ERISA Plan should consider that none of the foregoing will act as a fiduciary and is not undertaking to provide investment advice, or to give advice in a fiduciary capacity, with respect to the decision to purchase or hold the notes.

The foregoing discussion is general in nature and is not intended to be all-inclusive. Due to the complexity of the applicable rules, it is particularly important that fiduciaries or other persons considering purchasing the notes on behalf of or with “plan assets” of any Plan or Non-ERISA Plan consult with their counsel regarding the relevant provisions of ERISA and the Code and any other provision under any Similar Laws and the availability of exemptive relief applicable to the purchase and holding of the notes. The sale or transfer of any notes (or any interest therein) to any Plan or Non-ERISA Plan is in no respect a representation by any of the Company, the underwriters or any of their affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by Plans or Non-ERISA Plans generally, or by any particular Plan or Non-ERISA Plan, or that such an investment is appropriate for Plans or Non-ERISA Plans.

UNDERWRITING

The Company and Citigroup Global Markets Inc. and J.P. Morgan Securities LLC, as representatives of the underwriters listed below, have entered into an underwriting agreement with respect to the notes, pursuant to which each of the underwriters has severally, and not jointly, agreed to purchase, and the Company has agreed to sell to that underwriter, the aggregate principal amount of the notes set forth opposite its name below, subject to certain conditions:

Underwriter	Principal Amount of	
	2025 Notes	2030 Notes
Citigroup Global Markets Inc.	\$ 210,000,000	\$ 210,000,000
J.P. Morgan Securities LLC	210,000,000	210,000,000
Deutsche Bank Securities Inc.	60,000,000	60,000,000
Goldman Sachs & Co. LLC	60,000,000	60,000,000
Morgan Stanley & Co. LLC	60,000,000	60,000,000
Total	<u>\$ 600,000,000</u>	<u>\$ 600,000,000</u>

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the notes sold under the underwriting agreement if any of these notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

The Company has agreed to indemnify the underwriters against certain liabilities, including certain liabilities under the Securities Act in connection with this offering, and to contribute to payments that the underwriters may be required to make in respect thereof.

The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The underwriters have advised us that they propose initially to offer the notes to the public at the public offering price listed on the cover page of this prospectus supplement, and to certain dealers at that price less a concession not in excess of 0.200% of the principal amount of the 2025 Notes and 0.250% of the principal amount of the 2030 Notes. After the initial public offering, the public offering prices, concessions and discounts may be changed.

The expenses of the offering, not including the underwriting discounts, are estimated to be approximately \$3 million and are payable by us.

Settlement

We expect that delivery of the notes will be made to investors on or about April 7, 2020, which will be the fifth business day following the date of this prospectus supplement (such settlement being referred to as "T+5"). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes prior to the date that is two business days preceding the settlement date will be required, by virtue of the fact that the notes initially settle in T+5, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement.

New Issues of Notes

Each series of the notes is a new issue of securities with no established trading markets. The Company does not intend to apply for listing of either series of the notes on any securities exchange or for quotation of either series of the notes on any automated dealer quotation system. Certain of the underwriters have advised the Company that they intend to make a market in each series of the notes, but the underwriters have no obligation to

[Table of Contents](#)

do so. The underwriters may discontinue market making at any time without providing any notice. The Company cannot give any assurance as to the liquidity of any trading markets in the notes. If an active public trading market for any series of the notes does not develop, the market price and liquidity of any series of the notes may be adversely affected. If the notes are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

Price Stabilization and Short Positions

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time without notice. These transactions may be effected in the over-the-counter market or otherwise.

Neither the Company nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither the Company nor any of the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Certain of the underwriters and their affiliates have provided, and may in the future provide, a variety of these services to us or our affiliates for which they received or will receive customary fees and expenses.

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of ours or our affiliates (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with us or our affiliates. Certain of the underwriters and/or their respective affiliates are lenders and/or agents under our Revolving Credit Agreement and, as a result, have received and may continue to receive customary fees in connection therewith.

Furthermore, certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge, and certain other underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

Selling Restrictions

Canada

The notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of any notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this prospectus supplement or the accompanying prospectus (including any amendment thereto) contain a misrepresentation, *provided* that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

DESCRIPTION OF THE COMPANY

Fox Corporation is a news, sports and entertainment company, which manages and reports its businesses in the following segments:

- **Cable Network Programming**, which principally consists of the production and licensing of news and sports content distributed primarily through traditional cable television systems, direct broadcast satellite operators and telecommunication companies, and online multi-channel video programming distributors, primarily in the U.S.
- **Television**, which principally consists of the acquisition, marketing and distribution of broadcast network programming nationally under the FOX brand and the operation of 29 full power broadcast television stations, including 11 duopolies, in the U.S. Of these stations, 18 are affiliated with the FOX Network, 10 are affiliated with MyNetworkTV and one is an independent station.
- **Other, Corporate and Eliminations**, which principally consists of corporate overhead costs, intracompany eliminations, the FOX Studios lot and Credible Labs Inc. (“Credible”). The FOX Studios lot, located in Los Angeles, California, provides television and film production services along with office space, studio operation services and includes all operations of the facility. Credible is a U.S. consumer finance marketplace.

The Company became a standalone publicly traded company on March 19, 2019, when Twenty-First Century Fox, Inc. (now known as TFCF Corporation) (“21CF”) distributed, on a pro rata basis, all of the issued and outstanding common stock of the Company to 21CF stockholders (the “Distribution”). Following the Distribution, the Company’s Class A Common Stock and Class B Common Stock began trading independently on The Nasdaq Global Select Market. We refer to the foregoing as the “Transaction.”

In connection with the Transaction, the Company was formed with a focused portfolio of domestic media assets in live news and sports and original entertainment programming, including leading brands FOX News Media, FOX Sports, FOX Entertainment and FOX Television Stations. The remaining 21CF assets were acquired by The Walt Disney Company (“Disney”) through a series of transactions contemplated by the amended and restated merger agreement among 21CF, Disney and certain subsidiaries of Disney, pursuant to which 21CF became a wholly-owned subsidiary of Disney.

In connection with the Distribution, the Company entered into the Separation and Distribution Agreement, dated as of March 19, 2019 (the “Separation Agreement”), with 21CF, which effected the internal restructuring (the “Separation”) whereby 21CF transferred to the Company a portfolio of 21CF’s news, sports and broadcast businesses, including FOX News Media (consisting of FOX News and FOX Business), FOX Entertainment, FOX Sports, FOX Television Stations, and sports cable networks FS1, FS2, FOX Deportes and Big Ten Network, and certain other assets, and FOX assumed from 21CF the liabilities associated with such businesses and certain other liabilities.

The Company’s fiscal year ends on June 30 of each year. The Company was incorporated in 2018 under the laws of the State of Delaware. The Company’s principal executive offices are located at 1211 Avenue of the Americas, New York, New York 10036 and its telephone number is (212) 852-7000.

RISK FACTORS

Investing in our securities involves risks. You should carefully consider and evaluate the risks and uncertainties described under “Risk Factors” in the Company’s Annual Report on Form 10-K for the fiscal year ended June 30, 2019, the Company’s Quarterly Reports on Form 10-Q for the quarters ended September 30, 2019 and December 31, 2019, and the other information set forth or incorporated by reference in this prospectus and any accompanying prospectus supplement before you decide to purchase our securities. Any of the risks and uncertainties set forth therein could materially and adversely affect our business, results of operations and financial condition, which in turn could materially and adversely affect the trading price or value of our securities. As a result, you could lose all or part of your investment. See “Where You Can Find More Information” and “Incorporation of Certain Information By Reference” above.

USE OF PROCEEDS

The use of proceeds will be specified in the applicable prospectus supplement or free writing prospectus.

DESCRIPTION OF DEBT SECURITIES

The following summary describes the general terms and provisions of the debt securities. In this Description of Debt Securities, all references to the “Issuer” are to Fox Corporation only and not to its subsidiaries. The particular terms of any debt securities will be described more specifically in the prospectus supplement relating to such debt securities. Unless otherwise specified in the applicable prospectus supplement, the debt securities will be issued under the base indenture, dated January 25, 2019 (the “indenture”), between the Issuer and The Bank of New York Mellon, as trustee (such trustee or any successor trustee, the “Trustee”). The indenture has been filed as an exhibit to the registration statement of which this prospectus is a part. Unless otherwise indicated, the terms of the debt securities will include those stated in the indenture (including any supplemental indentures or similar documents that specify the terms of a particular series of debt securities) as well as those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”), as in effect on the date of the indenture. The indenture, and any supplemental indentures thereto, are subject to and governed by the terms of the Trust Indenture Act.

The Issuer may issue debt securities. The debt securities may be the Issuer’s senior, senior subordinated or subordinated and unsecured obligations and may be issued in one or more series. The debt securities may have the benefit of future subsidiary guarantees by one or more of the Issuer’s subsidiaries. No such subsidiary guarantors have been included as registrants under the registration statement of which this prospectus forms a part and such subsidiary guarantors, if any, will be added as registrants pursuant to a post-effective amendment.

The debt securities issued by the Issuer will be issued under the indenture. The trustee (if other than the Trustee), registrar, paying agent, transfer agent, collateral agent, calculation agent and/or foreign currency agent (collectively, the “agents”), as applicable, shall be named in the applicable prospectus supplement.

The following summary of selected provisions of the indenture and the debt securities is not complete, and the summary of selected terms of a particular series of debt securities included in the applicable prospectus supplement also will not be complete. You should review the form of indenture, the form of any applicable supplemental indenture and the form of certificate evidencing the applicable debt securities, which forms have been or will be filed as exhibits to the registration statement of which this prospectus is a part or as exhibits to documents which have been or will be incorporated by reference in this prospectus. To obtain a copy of the form of indenture, the form of any such supplemental indenture or the form of certificate for any debt securities, see “Where You Can Find More Information” in this prospectus. The following summary and the summary in the applicable prospectus supplement are qualified in their entirety by reference to all of the provisions of the indenture, any supplemental indenture and the certificates evidencing the applicable debt securities, which provisions, including defined terms, are incorporated by reference in this prospectus.

The following description of debt securities describes general terms and provisions of a series of debt securities to which any prospectus supplement may relate. The debt securities may be issued from time to time in one or more series. The particular terms of each series that is offered by a prospectus supplement will be described in the applicable prospectus supplement. If any particular terms of the debt securities or the indenture described in a prospectus supplement differ from any of the terms described in this prospectus, the terms described in the applicable prospectus supplement will supersede the terms described in this prospectus.

General

The indenture provides that the debt securities may be issued without limit as to aggregate principal amount, in one or more series, and in any currency or currency units, in each case as established from time to time in or pursuant to the authority granted by a resolution of the Board of Directors or as set forth in an officer’s certificate or as established in one or more supplemental indentures. All debt securities of one series need not be issued at the same time, and may vary as to interest rate, maturity and other provisions and, unless otherwise provided, a series may be “reopened,” without the consent of the holders of the debt securities of that series, for issuance of

additional debt securities of that series ranking equally with debt securities of that series and otherwise similar in all respects except for issue date and issue price. Please read the applicable prospectus supplement relating to the series of debt securities being offered for specific terms including, where applicable:

- any limit on the aggregate principal amount of debt securities of the series;
- whether such securities rank as senior debt securities, senior subordinated debt securities or subordinated debt securities;
- whether the debt securities of the series will be guaranteed by any subsidiary guarantors and, if so, the names of the subsidiary guarantors of the debt securities of the series and a description of the subsidiary guarantors;
- the price or prices at which debt securities of the series will be issued;
- the person to whom any interest on a debt security of the series shall be payable, if other than the person in whose name that debt security is registered on the applicable record date;
- the date or dates on which the Issuer will pay the principal of and premium, if any, on debt securities of the series, or the method or methods, if any, used to determine those dates;
- the rate or rates, which may be fixed or variable, at which debt securities of the series will bear interest, if any, or the method or methods, if any, used to determine those rates;
- the basis used to calculate interest, if any, on the debt securities of the series if other than a 360-day year of twelve 30-day months;
- the date or dates, if any, from which interest on the debt securities of the series will begin to accrue, or the method or methods, if any, used to determine those dates;
- the dates on which the interest, if any, on the debt securities of the series will be payable and the record dates for the payment of interest;
- the place or places where amounts due on the debt securities of the series will be payable and where the debt securities of the series may be surrendered for registration of transfer and exchange, if other than the corporate trust office of the Trustee;
- the terms and conditions, if any, upon which the Issuer may, at its option, redeem debt securities of the series;
- the terms and conditions, if any, upon which the Issuer will repurchase or repay debt securities of the series at the option of the holders of debt securities of the series;
- the terms of any sinking fund or analogous provision;
- if other than U.S. dollars, the currency in which the purchase price for the debt securities of the series will be payable, the currency in which payments on the debt securities of the series will be payable, and the ability, if any, of the Issuer or the holders of debt securities of the series to have payments made in any other currency or currencies;
- any addition to, or modification or deletion of, any covenant or Event of Default with respect to debt securities of the series;
- whether any debt securities of the series will be issued in temporary or permanent global form (“global debt securities”) and, if so, the identity of the depository for the global debt securities if other than The Depository Trust Company (“DTC”);
- if and under what circumstances the Issuer will pay additional amounts (“Additional Amounts”) on the debt securities of the series in respect of specified taxes, assessments or other governmental charges and, if so, whether the Issuer will have the option to redeem the debt securities of the series rather than pay the Additional Amounts;

Table of Contents

- the extent to which, or the manner in which, any interest payable on a temporary global debt security will be paid, if other than in the manner provided in the indenture;
- the portion of the principal amount of the debt securities of the series which will be payable upon acceleration if other than the full principal amount;
- the authorized denominations in which the debt securities of the series will be issued, if other than denominations of \$1,000 and any integral multiples of \$1,000;
- the terms, if any, upon which debt securities of the series may be exchangeable for other property;
- if the amount of payments on the debt securities of the series may be determined with reference to an index, formula or other method or methods and the method used to determine those amounts;
- any rights of Holders of such Securities to convert or exchange, and the obligations of the Issuer to convert or exchange, such Securities into common shares or other securities or property;
- any listing of the debt securities on any securities exchange;
- any other terms of the debt securities of the series and, if applicable, a subsidiary guarantee of the debt securities (whether or not such other terms are consistent or inconsistent with any other terms of the indenture); and
- the appointment of any agents, if other than the Trustee.

As used in this prospectus and any prospectus supplement relating to the offering of debt securities of any series, references to the principal of and premium, if any, and interest, if any, on the debt securities of the series include the payment of Additional Amounts, if any, required by the debt securities of the series to be paid in that context.

Debt securities may be issued as original issue discount securities to be sold at a substantial discount below their principal amount. In the event of an acceleration of the maturity of any original issue discount security, the amount payable to the holder upon acceleration will be determined in the manner described in the applicable prospectus supplement. Certain U.S. federal income tax considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

If the purchase price of any debt securities is payable in a foreign currency or if the principal of, or premium, if any, or interest, if any, on any debt securities is payable in a foreign currency, the specific terms of those debt securities and the applicable foreign currency will be specified in the prospectus supplement relating to those debt securities.

The terms of the debt securities of any series may differ from the terms of the debt securities of any other series, and the terms of particular debt securities within any series may differ from each other. Unless otherwise expressly provided in the prospectus supplement relating to any series of debt securities, the Issuer may, without the consent of the holders of the debt securities of any series, reopen an existing series of debt securities and issue additional debt securities of that series.

Unless otherwise described in a prospectus supplement relating to any series of debt securities and except to the limited extent set forth below under “—Certain Covenants—Merger, Consolidation and Sale of Assets,” the indenture does not contain any provisions that would limit the Issuer’s ability or the ability of any of the Issuer’s subsidiaries to incur indebtedness or other liabilities or that would afford holders of debt securities protection in the event of a business combination, takeover, recapitalization or highly leveraged or similar transaction involving the Issuer. Accordingly, the Issuer and its subsidiaries may in the future enter into transactions that could increase the amount of its consolidated indebtedness and other liabilities or otherwise adversely affect its capital structure or credit rating without the consent of the holders of the debt securities of any series.

Registration, Transfer and Payment

Unless otherwise indicated in the applicable prospectus supplement, each series of debt securities will be issued in registered form only, without coupons.

Unless otherwise indicated in the applicable prospectus supplement, registered debt securities will be issued in denominations of \$1,000 and any integral multiple of \$1,000 in excess thereof.

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be payable and may be surrendered for registration of transfer or exchange at an office or agency maintained by the Issuer in the United States of America. However, the Issuer, at its option, may make payments of interest on any registered debt security by check mailed to the address of the person entitled to receive that payment or by wire transfer to an account maintained by the payee with a bank located in the United States of America. Unless otherwise indicated in the applicable prospectus supplement, no service charge shall be made for any registration of transfer or exchange of debt securities, but the Issuer may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with that transaction.

Unless otherwise indicated in the applicable prospectus supplement, the Issuer will not be required to:

- issue, register the transfer of or exchange debt securities of any series for a period of 15 days before the selection of debt securities of that series for redemption; or
- register the transfer of or exchange any debt security so selected for redemption in whole or in part, except the unredeemed portion of any debt security being redeemed in part.

Book-Entry, Delivery and Form

The debt securities of a series may be issued in whole or in part in the form of one or more global debt securities. Global debt securities will be deposited with, or on behalf of, a depository, which, unless otherwise specified in the applicable prospectus supplement relating to the series, will be DTC. Global debt securities may be issued in either temporary or permanent form. Unless and until it is exchanged in whole or in part for individual certificates evidencing debt securities, a global debt security may not be transferred except as a whole by the depository to its nominee or by the nominee to the depository, or by the depository or its nominee to a successor depository or to a nominee of the successor depository.

The Issuer anticipates that global debt securities will be deposited with, or on behalf of, DTC and that global debt securities will be registered in the name of DTC's nominee, Cede & Co. All interests in global debt securities deposited with, or on behalf of, DTC will be subject to the operations and procedures of DTC and, in the case of any interests in global debt securities held through Euroclear Bank S.A./N.V. ("Euroclear") or Clearstream Banking, *société anonyme* ("Clearstream"), the operations and procedures of Euroclear or Clearstream, as the case may be. Additional or differing terms of the depository arrangements may be described in the applicable prospectus supplement.

Certain Book-Entry Procedures for Global Debt Securities

The descriptions of the operations and procedures of DTC, Euroclear and Clearstream set forth below are provided solely as a matter of convenience. The information in this section concerning DTC, Euroclear and Clearstream and their book-entry systems has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof. These operations and procedures are solely within the control of the respective settlement system and are subject to change by them from time to time. The Issuer takes no responsibility for these operations or procedures, and holders of any debt securities are urged to contact the systems or their participants directly to discuss these matters.

The Issuer has been advised by DTC that it is (i) a limited-purpose trust company organized under the New York Banking Law, (ii) a "banking organization" within the meaning of the New York Banking Law, (iii) a

[Table of Contents](#)

member of the Federal Reserve System, (iv) a “clearing corporation” within the meaning of the New York Uniform Commercial Code and (v) a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to the DTC system is also available to others, such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”).

Purchases of debt securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the debt securities on DTC’s records. The ownership interest of each purchaser of debt securities represented by global debt securities is in turn to be recorded on the Direct and Indirect Participants’ records. Holders of debt securities will not receive written confirmation from DTC of their purchase. Holders of debt securities are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participant or Indirect Participant through which the holder of debt securities entered into the transaction. Transfers of ownership interests in the debt securities are to be accomplished by entries made on the books of Direct Participants and Indirect Participants acting on behalf of holders of debt securities. Holders of debt securities will not receive certificates representing their ownership interests in the debt securities, except in the event that use of the book-entry system for the debt securities is discontinued. See “—Certificated Debt Securities” below.

To facilitate subsequent transfers, all debt securities deposited by Direct Participants with DTC are registered in the name of DTC’s nominee, Cede & Co., or such other name as may be requested by DTC. The deposit of debt securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual holders of debt securities; DTC’s records reflect only the identity of the Direct Participants to whose accounts such debt securities are credited, which may or may not be the holders of debt securities. The Direct Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Accordingly, such laws may impair the ability to transfer interests in the debt securities represented by global debt securities to such persons. In addition, because DTC can act only on behalf of its Direct Participants, who in turn act on behalf of persons who hold interests through Direct Participants and Indirect Participants, the ability of a person having an interest in debt securities represented by global debt securities to pledge or transfer such interest to persons or entities that do not participate in DTC’s system, or to otherwise take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC or its nominee is the registered owner of the global debt securities, DTC or such nominee, as the case may be, will be considered the sole owner or holder of any debt securities represented by the global debt securities for all purposes under the indenture and under the debt securities represented thereby. Except as provided below, owners of beneficial interests in the global debt securities will not be entitled to have debt securities represented by such global debt securities registered in their names, will not receive or be entitled to receive physical delivery of certificates for the debt securities and will not be considered the owners or holders thereof under the indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee thereunder. Accordingly, each holder of debt securities must rely on the procedures of DTC and, if such holder of debt securities is not a Direct Participant or an Indirect Participant, on the procedures of the Participant through which such holder of debt securities owns its interest, to exercise any rights of a holder of debt securities under the Indenture or such global debt securities. The Issuer understands that under existing

[Table of Contents](#)

industry practice, in the event that it requests any action of holders of debt securities, or a holder of debt securities desires to take any action that DTC, as the holder of the global debt securities, is entitled to take, DTC would authorize the Participants to take such action and the Participants would authorize holders owning through such Participants to take such action or would otherwise act upon the instruction of such holders. Neither the Issuer nor the Trustee nor any paying agent under the indenture will have any responsibility or liability for any aspect of the records relating to or payments made on account of the beneficial interests in the global debt securities, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants and by Direct Participants and Indirect Participants to holders of debt securities will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the debt securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to debt securities unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts debt securities are credited on the record date (identified in a listing attached to the omnibus proxy).

The Issuer will make all payments on any global debt securities to Cede & Co., or such other nominee as may be designated by DTC, in immediately available funds. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Issuer or the Trustee, on the applicable payment date in accordance with their respective holdings shown on DTC's records. Payments by Participants to holders of debt securities will be governed by standing instructions and customary practice, as is now the case with securities held for the accounts of customers in bearer form or registered in the names of nominees for such customers. Such payment will be the responsibility of such Participant and not of DTC, the Issuer or the Trustee, subject to any statutory or regulatory requirements as may be in effect from time to time. All payments to Cede & Co. (or such other nominee designated by DTC) are the responsibility of the Issuer or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the holders of debt securities will be the responsibility of Direct Participants and Indirect Participants.

DTC may discontinue providing its services as depository with respect to any debt securities at any time by giving reasonable notice to the Issuer or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, certificates for the debt securities are required to be printed and delivered. The Issuer may decide (subject to DTC's procedures) to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, certificates for the debt securities will be printed and delivered to DTC. See "—Certificated Debt Securities."

With respect to Euroclear, the Issuer understands that:

- Euroclear is operated by Euroclear Bank S.A./N.V., as operator of the Euroclear System (the "Euroclear Operator"), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the "Cooperative");
- The Euroclear Operator conducts all operations, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries;

Table of Contents

- Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly;
- Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the “Terms and Conditions”);
- The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants, and has no record of or relationship with persons holding through Euroclear participants; and
- Distributions with respect to securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

With respect to Clearstream, the Issuer understands that:

- As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Section;
- Clearstream participants include underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations;
- Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant either directly or indirectly; and
- Distributions with respect to the securities held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Secondary market trading between Euroclear participants and Clearstream participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Euroclear and Clearstream and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream participants, on the other, will be effected within DTC in accordance with DTC’s rules on behalf of the relevant European international clearing system by its U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving the debt securities in DTC, and making or receiving payment in accordance with normal procedures. Euroclear participants and Clearstream participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of securities received in Euroclear or Clearstream as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits, or any transactions in the securities settled during such processing, will be reported to the relevant Euroclear participants or Clearstream participants on that business day. Cash received in Euroclear or Clearstream as a result of sales of securities by or through a Euroclear participant or a Clearstream participant to a DTC participant will be received with value on the business day of settlement in DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day following settlement in DTC.

[Table of Contents](#)

Although DTC, Euroclear and Clearstream have agreed to the preceding procedures in order to facilitate transfers of interests in global debt securities among Participants of DTC, Euroclear and Clearstream, they are under no obligation to perform or continue to perform such procedures and they may discontinue the procedures at any time. Neither the Issuer nor the Trustee will have any responsibility for the performance by DTC or of its respective Direct Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations.

Certificated Debt Securities

If (i) DTC notifies the Issuer that it is unwilling or unable to continue as a depository for the global debt securities of any series (and a successor depository is not appointed within 90 days of such notice or of the Issuer becoming aware of such cessation), (ii) DTC ceases to be registered as a clearing agency under the Exchange Act (and a successor depository is not appointed within 90 days of such notice or of the Issuer becoming aware of such cessation), (iii) the Issuer, at its option, determines (subject to DTC's procedures) that the debt securities of a series will no longer be represented by one or more global debt securities or (iv) upon the occurrence of certain other events as provided in the indenture, then, in each case, upon surrender by DTC of the global debt securities of such series, certificates for the debt securities of that series will be issued to each person that DTC identifies as the beneficial owner of the debt securities of such series represented by the global debt securities. Upon any such issuance, the Trustee is required to register such certificates for the debt securities in the name of such person or persons (or the nominee of any thereof) and cause the same to be delivered thereto.

Neither the Issuer nor the Trustee will be liable for any delay by DTC, any Direct Participant or any Indirect Participant in identifying the beneficial owners of the related debt securities and each such person may conclusively rely on, and shall be protected in relying on, instructions from DTC for all purposes (including with respect to the registration and delivery, and the respective principal amounts, of the debt securities to be issued).

Redemption and Repurchase

The debt securities of any series may be redeemable at the option of the Issuer or may be subject to mandatory redemption by the Issuer as required by a sinking fund or otherwise. In addition, the debt securities of any series may be subject to repurchase or repayment by the Issuer at the option of the holders. The applicable prospectus supplement will describe the terms, the times and the prices regarding any optional or mandatory redemption by the Issuer or any repurchase or repayment at the option of the holders of any series of debt securities.

Change of Control Triggering Event

Unless otherwise specified in the applicable prospectus supplement, the indenture provides that, within 60 Business Days after the occurrence of a Change of Control Triggering Event (as herein defined), the Issuer will be required to make an offer to purchase each series of debt securities issued under the indenture at a purchase price in cash equal to 101% of the aggregate principal amount of the debt securities of each such series, plus accrued and unpaid interest, if any, to the date of repurchase. The offer (a "Change of Control Offer") shall be made not later than the 60th Business Day after the Change of Control Triggering Event.

The Issuer shall commence a Change of Control Offer by delivering a notice to each holder of the debt securities issued under the indenture stating: (i) that the Change of Control Offer is being made pursuant to a covenant in the indenture and that all such debt securities validly tendered will be accepted for payment; (ii) the purchase price and the purchase date (which shall be not less than 30 days nor more than 60 days from the date such notice is delivered) (the "Change of Control Payment Date"); (iii) that any such debt securities accepted for payment pursuant to the Change of Control Offer shall cease to accrue interest after the Change of Control Payment Date; (iv) that holders electing to have such debt securities purchased pursuant to the Change of Control Offer will be required to surrender the debt securities to the paying agent at the address specified in the notice

Table of Contents

prior to the close of business on the Change of Control Payment Date; (v) that holders will be entitled to withdraw their tender of debt securities on the terms and conditions set forth in such notice which will allow any holder to withdraw debt securities if they notify the Trustee prior to the Change of Control Payment Date; and (vi) that holders who elect to require that only a portion of the debt securities held by them be repurchased by the Issuer will be issued new debt securities equal in principal amount to the unpurchased portion of the debt securities surrendered. No debt securities will be purchased from any holder of debt securities who does not tender any debt securities pursuant to the Change of Control Offer.

The notice will, if mailed (or delivered electronically) prior to the date of consummation of the Change of Control, state that the Change of Control Offer is conditioned on the Change of Control Triggering Event occurring on or prior to the applicable Change of Control Payment Date. In addition, if such Change of Control Offer is subject to satisfaction of such condition that the Change of Control Triggering Event occur on or prior to the applicable Change of Control Payment Date, such notice shall state that, in the Issuer's discretion, the Change of Control Payment Date may be delayed until such time (including more than 60 days after the date the notice of the Change of Control Offer was delivered) as such condition shall be satisfied or waived, or such Change of Control Offer may not occur and such notice may be rescinded in the event that such condition shall not have been satisfied by the Change of Control Payment Date, or by the Change of Control Payment Date so delayed, or such notice may be rescinded at any time in the Issuer's discretion if in the Issuer's good faith judgment such condition will not be satisfied.

On the Change of Control Payment Date, the Issuer shall (i) accept for payment tendered debt securities or portions thereof pursuant to the Change of Control Offer, (ii) deposit with the paying agent cash in same-day funds sufficient to pay the purchase price of debt securities or portions thereof so accepted and (iii) deliver, or cause to be delivered, to the Trustee debt securities so accepted. The paying agent shall promptly make available to the holders of debt securities so accepted payment in an amount equal to the purchase price, and the Trustee shall promptly authenticate and make available for delivery to such holders a new debt security of the same series equal in principal amount to any unpurchased portion of debt securities surrendered. The Issuer will publicly announce the results of the Change of Control Offer as soon as practicable after the Change of Control Payment Date. For purposes of this covenant, the Trustee shall act as the paying agent.

The Issuer will not be required to make a Change of Control Offer upon the occurrence of a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by the Issuer and such third party purchases all debt securities properly tendered and not withdrawn under its offer.

The Issuer and its Subsidiaries will comply with the appropriate provisions of the Exchange Act, including Rule 14e-1, in the event of a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Offer provisions of the debt securities, the Issuer will be required to comply with such securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Offer provisions of the debt securities by virtue of any such conflict and compliance. The Change of Control purchase feature of the debt securities may in certain circumstances make more difficult or discourage a takeover of the Issuer and, thus, the removal of incumbent management.

The Issuer's ability to repurchase the debt securities upon a Change of Control Triggering Event will depend upon the availability of cash sufficient to pay the purchase price and upon the terms of the then existing debt and other agreements of the Issuer. If a Change of Control were to occur, there can be no assurance that the Issuer would have funds sufficient to pay the Change of Control purchase price for all of the debt securities that might be delivered by holders seeking to exercise the purchase right. In addition, any debt agreements to which the Issuer and certain of its affiliates are or may become party to could restrict the ability of the Issuer to repurchase the debt securities upon a Change of Control. The ability of the Issuer to repurchase the debt securities upon a Change of Control will depend upon the principal amount of the debt securities required to be repurchased, the limitations imposed by the covenants (whether contained in the then existing debt agreements of the Issuer or otherwise) then in effect and, if required, the consent by the lenders under applicable debt agreements.

Certain Covenants

Merger, Consolidation and Sale of Assets

Unless otherwise specified in the applicable prospectus supplement, the indenture provides that the Issuer will not consolidate or merge with or into or wind up into (whether or not the Issuer is the surviving entity), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

- the Issuer is the surviving entity or the Person formed by or surviving any such consolidation or merger (if other than the Issuer) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is an entity organized or existing under the laws of the jurisdiction of organization of the Issuer or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Person, as the case may be, being herein called the “Successor Company”);
- the Successor Company, if other than the Issuer, shall expressly assume all the obligations of the Issuer pursuant to a supplemental indenture or other documents or instruments in form reasonably satisfactory in form to the Trustee;
- immediately after giving effect to the transaction described above, no Event of Default under the indenture, and no event which, after notice or lapse of time or both would become an Event of Default under the indenture, shall have occurred and be continuing; and
- the Trustee shall have received the officer’s certificate and opinion of counsel called for by the indenture.

In the case of any such merger, consolidation, sale, assignment, transfer, lease, conveyance or other disposition in which the Issuer is not the continuing entity and upon execution and delivery by the Successor Company of the supplemental indenture described above, such Successor Company shall succeed to, and be substituted for the Issuer and may exercise every right and power of the Issuer under the indenture with the same effect as if such Successor Company had been named as the Issuer therein, and the Issuer shall be automatically released and discharged from all obligations and covenants under the indenture and the debt securities issued under that indenture.

Guarantees by Subsidiaries

Unless otherwise specified in the applicable prospectus supplement, the indenture provides that, to the extent that any Subsidiary of the Issuer (each, a “Subsidiary Guarantor”) issues any guarantee of any Public Debt in excess of \$100.0 million and such Subsidiary Guarantor is not thereafter released from such guarantee within ten Business Days from the date of such issuance, such Subsidiary Guarantor will be required to guarantee the debt securities issued under the indenture (each, a “Subsidiary Guarantee”) on a pari passu basis if such Public Debt is senior indebtedness and on a senior basis if such Public Debt is subordinated indebtedness.

No such Subsidiary Guarantors have been included as registrants under the registration statement of which this prospectus forms a part and such Subsidiary Guarantors, if any, will be added as registrants pursuant to a post-effective amendment.

Limitation on Liens

Unless otherwise specified in the applicable prospectus supplement, the indenture provides that none of the Issuer or any Subsidiary will create, assume, incur or suffer to exist any Lien on or with respect to any of its Applicable Properties to secure Indebtedness unless contemporaneously therewith or prior thereto the debt securities are equally and ratably secured for so long as such other Indebtedness shall be so secured, except for Permitted Encumbrances.

Reports

The Issuer, pursuant to Section 314(a) of the Trust Indenture Act, shall, so long as debt securities of any series are outstanding, file with the Trustee such information, documents and other reports as may be required to comply with the provisions of Section 314(a) of the Trust Indenture Act, *provided* that (i) any failure of the Issuer to comply with this provision shall not constitute a Default or an Event of Default and (ii) only the Trustee may institute a legal proceeding against the Issuer to enforce such delivery obligation.

Notwithstanding the foregoing, to the extent the Issuer files the information and reports referred to in the preceding paragraph with the SEC and such information is publicly available on the internet, the Issuer shall be deemed to be in compliance with its obligations to furnish such information to the Trustee.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an “Event of Default” with respect to the debt securities of any series is defined in the indenture as being:

- (1) default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the debt securities;
- (2) default for 30 days or more in the payment when due of interest on or with respect to the debt securities;
- (3) default in the performance, or breach, of any covenant of the Issuer in the indenture, and continuance of such default or breach for a period of 90 days after there has been given written notice by the Trustee or the holders of at least 25% in principal amount of the outstanding debt securities (with a copy to the Trustee) specifying such default or breach and requiring it to be remedied;
- (4) the Issuer, pursuant to or within the meaning of any Bankruptcy Law: (i) commences proceedings to be adjudicated bankrupt or insolvent; (ii) consents to the institution of bankruptcy or insolvency proceedings against it, or the filing by it of a petition or answer or consent seeking reorganization or relief under applicable Bankruptcy Law; (iii) consents to the appointment of a receiver, liquidator, assignee, trustee, sequestrator or other similar official of it or for all or substantially all of its property; (iv) makes a general assignment for the benefit of its creditors; or (v) generally is not paying its debts as they become due;
- (5) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that: (i) is for relief against the Issuer in an involuntary case or proceeding; (ii) appoints a trustee, receiver, liquidator, custodian or other similar official of the Issuer or any substantial part of the property of the Issuer; or (iii) orders the liquidation of the Issuer; and, in each case in this clause (5), the order or decree remains unstayed and in effect for 90 consecutive days; and
- (6) any other Event of Default established for the debt securities of that series.

No Event of Default with respect to any particular series of debt securities necessarily constitutes an Event of Default with respect to any other series of debt securities. The indenture provides that, within 90 days after the occurrence of any default with respect to the debt securities of any series, the Trustee will mail to all holders of the debt securities of that series notice of that default. Except in the case of a default relating to the payment of principal, premium, if any, or interest on debt securities of any series, the Trustee may withhold from the holders notice of any continuing default if and so long as a committee of its responsible officers in good faith determines that withholding the notice is in the interests of the holders of the debt securities. The Trustee shall not be deemed to know of any default unless a responsible officer of the Trustee has actual knowledge thereof or unless written notice of any event which is such a default is received by the Trustee at the corporate trust office of the Trustee.

Table of Contents

The indenture provides that if any Event of Default (other than an Event of Default specified in clause (4) or (5) of the second preceding paragraph with respect to the Issuer) occurs and is continuing under the indenture, the Trustee or the holders of at least 25% in principal amount of the then total outstanding debt securities may declare the principal, premium, if any, interest and any other monetary obligations on all the then outstanding debt securities to be due and payable immediately. Upon the effectiveness of such declaration, such principal and interest shall be due and payable immediately. The Trustee shall have no obligation to accelerate the debt securities if and so long as a committee of its responsible officers in good faith determines acceleration is not in the best interest of the holders of the debt securities. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (4) or (5) with respect to the Issuer, all outstanding debt securities shall be due and payable immediately without further action or notice. The holders of a majority in aggregate principal amount of the then outstanding debt securities by written notice to the Trustee may on behalf of all of the holders rescind an acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default (except nonpayment of principal, interest or premium that has become due solely because of the acceleration) have been cured or waived.

Subject to the provisions of the Trust Indenture Act requiring the Trustee, during the continuance of an Event of Default under the indenture, to act with the requisite standard of care, the Trustee is under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of debt securities of any series unless those holders have offered the Trustee indemnity reasonably satisfactory to the Trustee against the costs, fees and expenses and liabilities which might be incurred in compliance with such request or direction. Subject to the foregoing, holders of a majority in principal amount of the outstanding debt securities of any series issued under the indenture have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee under the indenture with respect to that series. The indenture requires the annual filing by the Issuer with the Trustee of a certificate which states whether or not the Issuer is in default under the terms of the indenture.

Unless otherwise specified in the applicable prospectus supplement, no holder of any debt securities of any series shall have any right to institute any proceeding, judicial or otherwise, with respect to the indenture, or for the appointment of a receiver or trustee, or for any other remedy under the indenture, unless:

- such holder has previously given written notice to the Trustee of a continuing Event of Default with respect to the debt securities of such series;
- the holders of not less than 25% in principal amount of the total outstanding debt securities of such series shall have requested the Trustee to pursue the remedy;
- holders have offered to the Trustee security or indemnity reasonably satisfactory to the Trustee against any loss liability or expense incurred in compliance with such request;
- the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- holders of a majority in principal amount of the total outstanding debt securities have not given the Trustee a direction inconsistent with such request within such 60-day period.

Notwithstanding any other provision of the indenture, the right of any holder of a debt security to receive payment of principal, premium, if any, and interest on the debt security, on or after the respective due dates expressed in the debt security, or the contractual right expressly set forth in the indenture or the debt securities, or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such holder.

Amendment, Supplement and Waiver

Unless otherwise specified in the applicable prospectus supplement, the indenture permits the Issuer and the Trustee, with the consent of the holders of at least a majority in principal amount of the outstanding debt

securities of each series issued under the indenture and affected by a modification or amendment, to modify or amend any of the provisions of the indenture or of the debt securities of the applicable series or the rights of the holders of the debt securities of that series under the indenture. However, no such modification or amendment shall, among other things:

- change the stated maturity of the principal of, or installment of interest, if any, on, any debt securities, or reduce the principal amount thereof or the interest thereon or any premium payable upon redemption thereof;
- change the currency in which the principal of (and premium, if any) or interest on such debt securities are denominated or payable;
- adversely affect the right of repayment or repurchase, if any, at the option of the holder after such obligation arises, impair the right of any holder to receive payment of principal or interest, or reduce the amount of, or postpone the date fixed for, any payment under any sinking fund or amend the contractual right expressly set forth in the indenture or the debt securities to institute suit for the enforcement of any payment on or after the stated maturity thereof (or, in the case of redemption, on or after the redemption date);
- reduce the percentage of holders whose consent is required for modification or amendment of the indenture or for waiver of compliance with certain provisions of the indenture or certain defaults; or
- modify the provisions that require holder consent to modify or amend the indenture or that permit holders to waive compliance with certain provisions of the indenture or certain defaults,

without in each case obtaining the consent of the holder of each outstanding debt security issued under the indenture affected by the modification or amendment.

Unless otherwise specified in the applicable prospectus supplement, the indenture also contains provisions permitting the Issuer and the Trustee, without the consent of the holders of any debt securities issued under the indenture, to modify or amend the indenture, among other things:

- to evidence the succession of another entity to the Issuer under the indenture and the assumption by such successor of the covenants of the Issuer in compliance with the requirements set forth in the indenture;
- to add to the covenants for the benefit of the holders or to surrender any right or power herein conferred upon the Issuer;
- to add any additional Events of Default;
- to change or eliminate any of the provisions of the indenture, *provided* that any such change or elimination shall become effective only when there are no outstanding debt securities of any series created prior to the execution of such supplemental indenture that is entitled to the benefit of such provision and as to which such supplemental indenture would apply;
- to secure the debt securities;
- to supplement any of the provisions of the indenture to such extent necessary to permit or facilitate the defeasance and discharge of the debt securities, *provided* that any such action does not adversely affect the interests of the holders of the debt securities in any material respect;
- to evidence and provide for the acceptance of appointment hereunder by a successor trustee and to add to or change any of the provisions of the indenture necessary to provide for or facilitate the administration of the trusts by more than one trustee;
- to cure any ambiguity, omission, defect or inconsistency or to correct or supplement any provision in the indenture which may be defective or which may be inconsistent with any other provision in the indenture, or to make any other provisions with respect to matters or questions arising under the indenture;

- to change any place or places where the principal of and premium, if any, and interest, if any, on the debt securities shall be payable, the debt securities may be surrendered for registration or transfer, the debt securities may be surrendered for exchange, and notices and demands to or upon the Issuer may be served;
- to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;
- to conform the text of the indenture or the debt securities to any provision of the section regarding the description of the notes contained in the prospectus supplement;
- to make any amendment to the provisions of the indenture relating to the transfer and legending of debt securities as permitted by the indenture, including, without limitation to facilitate the issuance and administration of the debt securities; *provided, however*, that (i) compliance with the indenture as so amended would not result in debt securities being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of holders to transfer debt securities; or
- to add guarantees or guarantors in respect of all or any securities under the indenture, and to evidence the release and discharge of any guarantor from its obligations under its guarantee of any or all securities and its obligations under the indenture in respect of any or all securities in accordance with the terms of the indenture.

Unless otherwise specified in the applicable prospectus supplement, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may waive the compliance of the Issuer with the provisions described above under “—Change of Control Triggering Event” and “—Certain Covenants” and certain other provisions of the indenture and, if specified in the prospectus supplement relating to such series of debt securities, any additional covenants applicable to the debt securities of such series. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of debt securities of that series, waive any past default under the indenture with respect to debt securities of that series and its consequences, except a default in the payment of the principal of, or premium, if any, or interest, if any, on debt securities of that series or, in the case of any debt securities which are convertible into or exchangeable for other securities or property, a default in any such conversion or exchange, or a default in respect of a covenant or provision which cannot be modified or amended without the consent of the holder of each outstanding debt security of the affected series.

Discharge and Defeasance

Unless otherwise provided in the applicable prospectus supplement, the Issuer may discharge certain obligations to holders of the debt securities of a series that have not already been delivered to the Trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by depositing with the Trustee, in trust, funds in U.S. dollars in an amount sufficient to pay the entire indebtedness including the principal, premium, if any, and interest to the date of such deposit (if the debt securities have become due and payable) or to the maturity thereof or the redemption date of the debt securities of that series, as the case may be.

The indenture provides that the Issuer may elect either (1) to defease and be discharged from any and all obligations with respect to the debt securities of a series (except for, among other things, obligations to register the transfer or exchange of the debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency with respect to the debt securities and to hold moneys for payment in trust) (“legal defeasance”) or (2) to be released from its obligations to comply with the restrictive covenants under the indenture, and any omission to comply with such obligations will not constitute a Default or an Event of Default with respect to the debt securities of a series and clauses (3) and (7) under “— Events of Default” will no longer be applied (“covenant defeasance”). Legal defeasance or covenant defeasance, as the case may be, will

Table of Contents

be conditioned upon, among other things, the irrevocable deposit by the Issuer with the Trustee, in trust, of an amount in U.S. dollars, or U.S. government obligations, or both, or other applicable currency or government obligations as set forth in a prospectus supplement, applicable to the debt securities of that series which through the scheduled payment of principal and interest in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal or premium, if any, and interest on the debt securities on the scheduled due dates therefor.

If the Issuer effects covenant defeasance with respect to the debt securities of any series, the amount in U.S. dollars, or U.S. government obligations, or both, or other applicable currency or government obligations as set forth in a prospectus supplement, on deposit with the Trustee will be sufficient, to pay amounts due on the debt securities of that series at the time of the stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from such Event of Default. However, the Issuer would remain liable to make payment of such amounts due at the time of acceleration.

In the case of either legal defeasance or covenant defeasance of the debt securities of a series, the Issuer will be required to deliver to the Trustee an opinion of counsel that the deposit and related defeasance will not cause the holders and beneficial owners of the debt securities of that series to recognize income, gain or loss for U.S. federal income tax purposes. If the Issuer elects legal defeasance, that opinion of counsel must be based upon a ruling from the U.S. Internal Revenue Service or a change in law to that effect.

The Issuer may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. In the case of either discharge or defeasance with respect to the debt securities of a series, the Subsidiary Guarantees, if any, will terminate.

As a general matter, holders of Class B Common Stock are entitled to one vote per share on all matters on which stockholders have the right to vote, including director elections.

Vote Required

Unless otherwise provided by the Certificate of Incorporation or the By-laws, or provided by the rules or regulations of any stock exchange applicable to us, applicable law or pursuant to any regulation applicable to us or our securities, (a) directors shall be elected by majority of votes cast in uncontested director elections (and by plurality of votes cast in contested director elections) and (b) any other question brought before any meeting of stockholders shall be determined by the affirmative vote of a majority of the votes cast thereon by the holders represented and entitled to vote at the meeting.

Ownership of Class A Common Stock and Class B Common Stock by the Murdoch Family Trust and K. Rupert Murdoch

As a result of his ability to appoint certain members of the board of directors of the corporate trustee of the Murdoch Family Trust, which, as of September 16, 2019, beneficially owns less than one percent of the outstanding Class A Common Stock and 38.4% of Class B Common Stock, K. Rupert Murdoch may be deemed to be a beneficial owner of the shares beneficially owned by the Murdoch Family Trust. K. Rupert Murdoch, however, disclaims any beneficial ownership of these shares. Also, K. Rupert Murdoch beneficially owns or may be deemed to beneficially own an additional less than one percent of Class B Common Stock and approximately one percent of Class A Common Stock. Thus, as of September 16, 2019, K. Rupert Murdoch may be deemed to beneficially own in the aggregate approximately one percent of Class A Common Stock and 38.9% of Class B Common Stock. This concentration of voting power could discourage third parties from making proposals involving an acquisition of the Company. Additionally, the ownership concentration of Class B Common Stock by the Murdoch Family Trust increases the likelihood that proposals submitted for stockholder approval that are supported by the Murdoch Family Trust will be adopted and proposals that the Murdoch Family Trust does not support will not be adopted, whether or not such proposals to stockholders are also supported by the other holders of Class B Common Stock.

Dividends

Holders of Class A Common Stock and Class B Common Stock are generally entitled to such dividends, if any, as may be declared by our Board of Directors from time to time in its sole discretion out of our assets or legally available funds, subject to the following provisions:

- if dividends are declared on Class A Common Stock or Class B Common Stock that are payable in shares of Common Stock, or securities convertible into, or exercisable or exchangeable for Common Stock, the dividends payable to the holders of Class A Common Stock shall be paid only in shares of Class A Common Stock (or securities convertible into, or exercisable or exchangeable for Class A Common Stock), the dividends payable to holders of Class B Common Stock shall be paid only in shares of Class B Common Stock (or securities convertible into, or exercisable or exchangeable for Class B Common Stock), and such dividends shall be paid in the same number of shares (or fraction thereof) on a per share basis of Class A Common Stock and Class B Common Stock (or securities convertible into, or exercisable or exchangeable for the same number of shares (or fraction thereof) on a per share basis of such class of Common Stock), respectively; and

[Table of Contents](#)

- in no event shall the shares of the Class A Common Stock or Class B Common Stock be split, divided, or combined unless the outstanding shares of the other class shall be proportionately split, divided or combined.

Any dividends declared by our Board of Directors on a share of Common Stock shall be declared in equal amounts with respect to each share of Class A Common Stock and Class B Common Stock (as determined in good faith by our Board of Directors in its sole discretion), *provided* that in the case of dividends payable in shares of our Common Stock, or securities convertible into, or exercisable or exchangeable for, our Common Stock, or dividends or other distributions (including, without limitation, any distribution pursuant to a stock dividend or a “spin-off,” “split-off” or “split-up” reorganization or similar transaction) payable in shares or other equity interests of any corporation or other entity, which immediately prior to the time of the dividend or distribution is a subsidiary of the Company and which possesses authority to issue Class A Common Stock or equity interests and Class B Common Stock or equity interests (or securities convertible into, or exercisable or exchangeable for, such shares or equity interests) with voting characteristics identical or comparable to those of Class A Common Stock and Class B Common Stock, respectively, such dividends shall be paid as provided for in the Certificate of Incorporation.

Authorized but Unissued Shares

Our authorized but unissued shares of Common Stock and Preferred Stock are available for future issuance without stockholder approval. We may issue shares for a variety of purposes, including to fund acquisitions and as employee compensation. The existence of authorized but unissued shares of Common Stock and Preferred Stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise by making such attempts more difficult or more costly.

Liquidation

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, after distribution in full of the preferential and/or other amounts to be distributed to the holders of shares of any outstanding series of Preferred Stock or Series Common Stock, the holders of shares of Class A Common Stock, Class B Common Stock and, to the extent the terms thereof so provide, the Preferred Stock and Series Common Stock shall be entitled to receive all of our remaining assets available for distribution to our stockholders, ratably in proportion to the number of shares held by them (or, with respect to any series of the Preferred Stock or Series Common Stock, according to their terms).

No Preemptive Rights

No holder of any Common Stock has any preemptive rights to subscribe to any of the Company’s securities of any kind or class.

Transfer Restrictions and Redemption

In addition to the transfer restrictions described under “—Anti-Takeover Effects of Various Provisions of Delaware Law, the Certificate of Incorporation and the By-laws—Transfer Restrictions,” the Certificate of Incorporation provides for certain regulatory restrictions on transfers.

If the Company has reason to believe that the Ownership (as defined in the Certificate of Incorporation), or proposed Ownership, of shares of capital stock of the Company by any stockholder, other Owner (as defined in the Certificate of Incorporation) or Proposed Transferee (as defined in the Certificate of Incorporation) could, either by itself or when taken together with the Ownership of any shares of capital stock of the Company by any other Person (as defined in the Certificate of Incorporation), result in any Violation (as defined in the Certificate of Incorporation), such stockholder, other Owner or Proposed Transferee, upon request of the Company, shall

[Table of Contents](#)

promptly furnish to the Company such information as the Company may reasonably request to determine whether the Ownership of, or the exercise of any rights with respect to, shares of capital stock of the Company by such stockholder, other Owner or Proposed Transferee could result in any Violation.

If (i) any stockholder, other Owner or Proposed Transferee from whom information is requested should fail to respond to such request within the period of time (including any applicable extension thereof) determined by the Board of Directors, or (ii) whether or not any stockholder, other Owner or Proposed Transferee timely responds to any such request for information, the Board of Directors shall conclude that effecting, permitting or honoring any Transfer (as defined in the Certificate of Incorporation) or the Ownership of any shares of capital stock of the Company, by any such stockholder, other Owner or Proposed Transferee, could result in any Violation, or that it is in the interest of the Company to prevent or cure any such Violation or any situation which could result in any such Violation, or mitigate the effects of any such Violation or any situation that could result in any such Violation, then the Company may, *inter alia*, (A) refuse to permit any Transfer of record of shares of capital stock of the Company that involves a Transfer of such shares to, or Ownership of such shares by, any Disqualified Person (as defined in the Certificate of Incorporation), (B) refuse to honor any such Transfer of record effected or purported to have been effected, and in such case any such Transfer of record shall be deemed to have been void ab initio, (C) suspend those rights of stock ownership the exercise of which could result in any Violation and/or (D) redeem such shares in accordance with the paragraph below.

Notwithstanding any other provision of the Certificate of Incorporation to the contrary, but subject to the provisions of any resolution or resolutions of the Board of Directors creating any series of Series Common Stock or any series of Preferred Stock, outstanding shares of Common Stock, Series Common Stock or Preferred Stock shall always be subject to redemption by the Company, by action of the Board of Directors, if in the judgment of the Board of Directors such action should be taken with respect to any shares of capital stock of the Company of which any Disqualified Person is the stockholder, other Owner or Proposed Transferee. The terms and conditions of such redemption shall be as set forth in the Certificate of Incorporation.

We shall, to the extent required by law, note on the certificates of our capital stock that shares represented by such certificates are subject to the restrictions set forth in this section.

Transfer Agent and Registrar

The transfer agent and registrar for our Common Stock is Computershare Trust Company, N.A.

Preferred Stock and Series Common Stock

The Certificate of Incorporation authorizes our Board of Directors to designate and issue from time to time one or more series of Preferred Stock or Series Common Stock without stockholder approval, *provided* that our Board of Directors shall not issue any shares of Preferred Stock or Series Common Stock which entitle the holders thereof to more than one vote per share without an affirmative vote of the majority of the holders capital stock of the Company entitled to vote generally in the election of directors. Under the terms of the Certificate of Incorporation, our Board of Directors is authorized, subject to limitations prescribed by the DGCL, and by the Certificate of Incorporation, to issue up to 35,000,000 shares of Preferred Stock and up to 35,000,000 shares of Series Common Stock, each in one or more series, without further action by the holders of our Common Stock. Our Board of Directors is vested with the authority to fix by resolution the designations, preferences and relative, participating, optional or other special rights, and such qualifications, limitations or restrictions thereof, including, without limitation, redemption rights, dividend rights, liquidation preferences and conversion or exchange rights of any class or series of Preferred Stock, and to fix the number of classes or series of Preferred Stock or Series Common Stock, the number of shares constituting any such class or series and the voting powers for each class or series.

Our Board of Directors may issue Preferred Stock or Series Common Stock with voting rights or conversion rights that, if exercised, could adversely affect the voting power of the holders of Common Stock.

Anti-Takeover Effects of Various Provisions of Delaware Law, the Certificate of Incorporation and the By-Laws

Size of Board and Vacancies; Removal

Subject to the rights of the holders of any series of Preferred Stock or Series Common Stock, the Certificate of Incorporation and the By-laws provide that the total number of directors constituting the entire Board of Directors shall be not less than three (3), with the then-authorized number of directors being fixed from time to time exclusively by the Board of Directors. Subject to the rights of the holders of any series of Preferred Stock or Series Common Stock then outstanding, newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office or other cause shall be filled solely by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum of the Board of Directors. Any director so chosen shall hold office until the next election of directors and until his or her successor shall be elected and qualified. No decrease in the number of directors shall shorten the term of any incumbent director.

Stockholder Action by Written Consent

Subject to the rights of the holders of any series of Preferred Stock or Series Common Stock, the Certificate of Incorporation and the By-laws provide that our stockholders may act only at an annual or special meeting of stockholders and may not act by written consent (unless there are three record holders or fewer).

Amendment of By-laws

The Certificate of Incorporation provides that the Board of Directors is authorized to adopt, repeal, alter or amend our by-laws by a vote of a majority of the entire Board of Directors. In addition to any requirements of law and any other provision of the Certificate of Incorporation, our stockholders are able to, with the affirmative vote of holders of 65% or more of the combined voting power of the then outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class, adopt, amend or repeal any provision of our by-laws.

Transfer Restrictions

The Certificate of Incorporation provides that an Owner of shares of Class A Common Stock or Class B Common Stock may not sell, exchange or otherwise transfer Ownership of such shares to any person who has made an Offer (as defined in the Certificate of Incorporation) pursuant to such Offer unless such Offer relates to both Class A Common Stock and Class B Common Stock, or another Offer or Offers are contemporaneously made with such Offer by such person such that, between all the Offers, they relate to both Class A Common Stock and Class B Common Stock, and the terms and conditions of such Offer or Offers as they relate to each of the Class A Common Stock and Class B Common Stock are Comparable (as defined in the Certificate of Incorporation). We shall, to the extent required by law, note on the certificates of our Common Stock that shares represented by such certificates are subject to the restrictions set forth in this paragraph.

Stockholder Meetings

Subject to the rights of the holders of any series of Preferred Stock or Series Common Stock, the Certificate of Incorporation and the By-laws provide that special meetings of stockholders (i) may be called by the Board of Directors pursuant to a resolution approved by a majority of the total number of directors then constituting the entire Board of Directors, (ii) may be called by the chairman or a vice or deputy chairman of our Board of Directors or (iii) shall be called by the secretary of the Company upon the written request of holders of record of not less than 20% of the outstanding shares of Class B Common Stock, proposing a proper matter for stockholder action under the DGCL at such special meeting, *provided* that (a) no such special meeting of stockholders shall be called pursuant to clause (iii) if the written request by such holders is received less than 135 days prior to the

[Table of Contents](#)

first anniversary of the date of the preceding annual meeting of stockholders of the Company and (b) any special meeting called pursuant to clause (iii) shall be held not later than 100 days following receipt of the written request by such holders, on such date and at such time and place as determined by the Board of Directors.

Requirements for Advance Notice of Stockholder Nominations and Proposals

Subject to the rights of the holders of any series of Preferred Stock or Series Common Stock, the By-laws contain advance-notice and other procedural requirements that apply to stockholder nominations of persons for election to our Board of Directors at any annual meeting of stockholders and to stockholder proposals that stockholders take any other action at any annual meeting. In the case of any annual meeting, a stockholder proposing to nominate a person for election to our Board of Directors or proposing other business is required to give our secretary written notice of the proposal at our principal executive offices not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the first anniversary of the preceding year's annual meeting. These stockholder proposal deadlines are subject to exceptions if the annual meeting date is set more than 30 days before or 70 days after such anniversary date, or if no annual meeting was held in the preceding year, in which case notice by such stockholder, to be timely, must be so delivered not earlier than the close of business on the 120th day prior to the date of the current year's annual meeting and not later than the close of business on the later of the 90th day prior to the date of the current year's annual meeting, or the 10th day following the day on which public announcement of the date of the current year's annual meeting is first made. If a special meeting of stockholders is called for the election of directors, a stockholder proposing to nominate a person for that election must give our secretary written notice of the proposal at our principal executive offices not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting. The By-laws prescribe specific information that any such stockholder notice must contain, including, without limitation, a description of the proposal, the reasons for the proposal, and other specified matters.

These advance-notice provisions may have the effect of precluding a contest for the election of our directors or the consideration of stockholder proposals if the proper procedures are not followed, and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal, without regard to whether consideration of those nominees or proposals might be harmful or beneficial to us and our stockholders.

Forum Selection

The By-laws provide that, unless the Company consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware is, to the fullest extent permitted by law, the sole and exclusive forum for any derivative action, action asserting a claim of breach of a fiduciary duty owed by any current or former director, officer or employee of the Company to the Company or its stockholders, action arising pursuant to any provision of the DGCL, action as to which the DGCL confers jurisdiction on the Court of Chancery of the State of Delaware or action asserting a claim governed by the internal affairs doctrine.

Any person or entity purchasing or otherwise acquiring any interest in the Common Stock is deemed to have received notice of and consented to the foregoing forum selection bylaw, which could limit the Company's stockholders' ability to choose the judicial forum for disputes with the Company. The enforceability of similar forum selection clauses in other companies' bylaws or similar governing documents has been challenged in legal proceedings, and it is possible that in connection with any action a court could find the forum selection clause contained in the By-laws to be inapplicable or unenforceable in such action.

Limitation of Liability for Officers and Directors and Insurance

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties as directors. The

[Table of Contents](#)

Certificate of Incorporation and the By-laws include provisions that exculpate and indemnify, to the fullest extent allowable under the DGCL, the personal liability of directors or officers for monetary damages by reason of the fact that he or she is or was a director or officer of the Company or any of its direct or indirect subsidiaries or is or was serving at the request of the Company as a director or officer of any other corporation, partnership, joint venture, trust or other enterprise against any expense, as the case may be. The By-laws also provide that we must indemnify and advance reasonable expenses to our directors and officers, subject to our receipt of an undertaking from the indemnified party as may be required under such bylaws or the DGCL. We are also expressly authorized to carry directors' and officers' insurance, at our own expense, to protect us, our directors, officers and certain employees for some liabilities, whether we would have the power to indemnify our directors, officers or employees from such liabilities under the DGCL or not. The limitation of liability and indemnification provisions included in the Certificate of Incorporation and the By-laws may discourage stockholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. However, this provision does not limit or eliminate our rights, or those of any stockholder, to seek non-monetary relief such as injunction or rescission in the event of a breach of a director's duty of care. The provisions do not alter the liability of directors under the federal securities laws. In addition, your investment may be adversely affected to the extent that, in a class action or direct suit, we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

Our insurance policies insure our directors and officers and those of our subsidiaries against certain liabilities they may incur in their capacity as directors and officers. The insurance provides coverage, subject to its terms and conditions, if the Company is unable (e.g., due to bankruptcy) or unwilling to indemnify the directors and officers for a covered wrongful act.

Certain Corporate Opportunities

The By-laws contain provisions relating to certain corporate opportunities that may simultaneously be of interest to us and to News Corporation ("News Corp"). These provisions will provide that in the event that any of our stockholders who are: (x) K. Rupert Murdoch, his wife, child or more remote issue, or brother or sister or child or more remote issue of a brother or sister, which we refer to collectively as the Murdoch Family, or (y) any person directly or indirectly controlled by one or more members of the Murdoch Family, which we refer to as a Murdoch Controlled Person; *provided* that a trust and the trustees of such trust shall be deemed to be controlled by any one or more members of the Murdoch Family if a majority of the trustees of such trust are members of the Murdoch Family or may be removed or replaced by any one or more of the members of the Murdoch Family and/or Murdoch Controlled Persons, which we refer to each as a Covered Stockholder (so long as such Covered Stockholders continue to own, in the aggregate, 10% or more of the voting stock of each of us and News Corp) or any of our directors and officers, which we refer to collectively as the Overlap Persons, that are or may become stockholders, directors, officers, employees and agents of News Corp and its affiliates, which we refer to each as an Other Entity, is presented, offered, or otherwise acquires knowledge of a potential business opportunity for us, which we refer to as a Potential Business Opportunity:

- such Overlap Person will have no duty to refrain from referring such Potential Business Opportunity to any Other Entity and, if such Overlap Person refers such Potential Business Opportunity to an Other Entity, such Overlap Person shall have no duty or obligation to refer such Potential Business Opportunity to us and will not be liable to us for such referral or for any failure to give us notice of, or refer us to, such Potential Business Opportunity;
- any Other Entity may participate, engage or invest in any such Potential Business Opportunity notwithstanding that such Potential Business Opportunity may have been referred to it by an Overlap Person; and

Table of Contents

- if an Overlap Person refers a Potential Business Opportunity to an Other Entity, then, as between us and such Other Entity, we shall be deemed to have renounced, to the fullest extent permitted by law, any interest or right to such Potential Business Opportunity.

The effect of these provisions could result in the Overlap Persons submitting any Potential Business Opportunities to News Corp.

We may enter into and perform additional agreements or transactions with an Other Entity and, to the fullest extent permitted by law and the provisions of the By-laws, no such agreement or transaction, nor the performance thereof by us or by an Other Entity, shall be considered contrary to any fiduciary duty owed to us, or to any of our stockholders, by any Overlap Person by reason of the fact that such person is an Overlap Person and no Overlap Person shall have or be under any fiduciary duty to us, or to any of our stockholders, by reason of the fact that such person is an Overlap Person, to refrain from acting on behalf of us or News Corp in respect of any such agreement or transaction or performing any such agreement or transaction in accordance with its terms. Each such Overlap Person shall be deemed to have acted in good faith and in a manner such person reasonably believed to be in or not opposed to our best interests, and shall be deemed not to have breached his or her duties of loyalty to us or any of our stockholders, and not to have derived an improper personal benefit therefrom.

No amendment or repeal of, or adoption of any provision inconsistent with, the foregoing provisions will have any effect upon any agreement or arrangements entered into prior to the time of such amendment, repeal or adoption, including any allocation of any business opportunity between us and any Other Entity or any duty or obligation owed by any Overlap Person to us with respect to any corporate opportunity prior to such time.
